Suarez, 1999-11 In a highly publicized February 1997 shootout two rifle wielding thugs managed to outgun LAPD officers armed only with handguns after a botched North Hollywood bank robbery It was not until responding SWAT officers armed with rifles arrived on the scene that the suspects were finally neutralized but not without police casualties Though not the first incidence of police officers being outmatched by criminals superior firepower this one was pivotal in bringing about a serious re examination of the use of the rifle for urban law enforcement In this book Gabriel Suarez founder and senior tactical instructor of his department s Tactical Rifle Team exposes the myths that have long kept the rifle from being considered for use in urban policing In addition he details the many advantages the rifle affords the inner city police officer or SWAT operator in a wide range of deployment situations and presents innovative techniques that are replacing the traditional ones among agencies that have adopted the rifle As we progress into the 21st century the rifle is likely to become an increasingly integral part of the police officer s tool bag This book will serve as a valuable guide to police tactical riflemen making their jobs easier and safer as they make the criminal s job more difficult and hazardous Soldier of Fortune ,2006
