

Tailhook 91 Tailhook 91

Rosemarie Skaine

Tailhook 91 Tailhook 91:

Tailhook 91, 1992 **Tailhook, 1991** Ina V. S. Mullis, 1993-09 The aim of this book is to make more widely available a body of recent research activity that has become known as applied general equilibrium analysis The central idea underlying this work is to convert the Walrasian general equilibrium structure formalized in the 1950s by Kenneth Arrow Gerard Debreu and others from an abstract representation of an economy into realistic models of actual economies Numerical empirically based general equilibrium models can then be used to evaluate concrete policy options by specifying production and demand parameters and incorporating data reflective of real economies Shoven and Whalley describe all aspects of developing applied general equilibrium models including developing an appropriate equilibrium structure calibrating the model compiling counterfactual equilibria and interpreting results The authors contend that the Walrasian general equilibrium model provides an ideal framework for appraising the effects of policy changes on resource allocation assessing who gains and who loses and the policy impacts not well covered by empirical macro models The applications in the book illustrate a number of ways in which fresh insights are provided in long standing policy controversies *Tailhook 91: Events at the 35th Annual Tailhook Symposium* United States. Department of Defense. Assistant Inspector General for Investigations, 1992

Tailhook 91: Events at the 35th Annual Tailhook Symposium United States. Department of Defense. Assistant Inspector General for Investigations, 1992 **The Mother of All Hooks** William H. McMichael, 2024-11-01 The Mother of All Hooks is a richly detailed description of the United States government's attempts to punish naval officers for sexual misconduct committed at the 1991 Tailhook Association convention in Las Vegas Nevada Journalist William H McMichael describes the institutionalized mind set that led to that misconduct and in the face of an oppressive politically charged investigation to a large scale failure to cooperate with government agents This failure led to further investigative and prosecutorial excesses that ultimately doomed the effort to bring the guilty to justice many of the guiltiest hi fact were given immunity to testify and escaped severe punishment At the same time McMichael makes clear that Tailhook misconduct had been largely condoned for decades but that senior officials failed to take responsibility for allowing such an atmosphere to flourish This powerful expose is a shocking eye opening read for psychologists criminologists criminal justice professionals and members of the U S military The Tailhook Association convention had become infamous in naval circles for heavy drinking hard partying and sexual promiscuity The most notable such activity was the gauntlet a hallway lined by men through which selected women were forced to pass only to be fondled McMichael provides a rich narrative account of how the United States Navy and the Pentagon mishandled investigation of events at the 1991 convention and subsequent hearings In addition to exposing that approach's dramatic shortcomings McMichael also provides insight into the Navy's history of open sexuality by its members while overseas the fighter pilot psyche and the larger issue of whether the Navy should be permitted to investigate its own transgressions While more than thirty admirals eventually received what amounted to a hand slap more than twenty junior

officers received career killing punitive letters of reprimand in closed door administrative hearings The Mother of All Hooks provides absorbing new details for all who think they know what happened because of Tailhook and why *Crossed Currents* Mary-Beth Hall, 2014-09-01 This new revised edition of the path breaking first history of the female members of the U S Navy has been updated to include the recent integration of Navy women into the crews of combatant ships and tactical aviation squadrons and the contributions of Navy women to the space program It is a comprehensive chronicle of inspirational service spanning nearly the entire century

Sexual Harassment of Military Women and Improving the Military Complaint System United States. Congress. House. Committee on Armed Services, 1994 Power and Gender Rosemarie Skaine, 1996-01-01 Most Americans were shocked when Anita Hill charged U S Supreme Court nominee Clarence Thomas with sexual harassment Not surprisingly the nation was divided on the Senate hearings on the matter some believed Hill others Thomas Perhaps the most important result of the hearings was to open the eyes of a majority of the public to the issue of sexual harassment and to begin a dialog on the issue This work first defines sexual harassment including operational sociological and legal definitions and then provides a history of the issue in the United States and a theoretical framework of why harassment occurs This is followed by a look at the legal dimension of the problem with a discussion of pertinent federal and state laws and Equal Employment Opportunity Commission EEOC decisions The incidence and settings e g workplace housing religious institutions are next examined followed by chapters on sexual harassment in the government the military and in education The book concludes with discussions of strategies for the victims and for employers

Generals and Admirals, Criminals and Crooks Jeffrey J. Matthews, 2023-10-01 U S flag officers are intended to be exemplary defenders of duty honor and country but what can we learn by exposing the bad leaders lurking within these venerable ranks There is an ugly strain of criminal and unethical leadership in the upper ranks of the American military Despite the exemplary service of most American military members a persistent minority of U S flag officers Navy admirals and Army Air Force and Marine generals have embroiled the profession in scandal since the Revolutionary War In *Generals and Admirals Criminals and Crooks* award winning author Jeffrey J Matthews examines bad leadership in American military history over the past one hundred years beginning with war crimes in the Philippine American War and ending with the recent Fat Leonard corruption scandal Scrutinizing a range of leadership failures including moral cowardice sex crimes insubordination toxic leadership and obstruction of justice Matthews offers a fascinating analysis of the bases and motives leading to these missteps and explores what could be done to curtail future misconduct of generals and admirals The book also includes an up to date examination of President Trump's term in office that highlights the vital role honorable military leadership plays in our democracy Confronting the dark side of criminal and unethical conduct among U S flag officers this frank and historically grounded book offers valuable lessons in leadership that will stimulate further debate and critical self assessment within the U S military
