Mac Troubleshooting (Macworld Superguides) , Macs run smoothly most of the time This book will prepare you for the rare occasions when yours doesn't Whether you're using an iMac MacBook or MacBook Air our Superguide is filled with solutions for many of the common problems that you might run into In the United States when you're in real trouble you have but one number to call 911 Back in 2000 while we were racking our brains for a title for Macworld's tips and troubleshooting column we invoked this emergency calling code preceding it with Mac so that its humble author me wouldn't be additionally inundated with requests for help with small appliances and domestic disputes Thus Mac 911 became the primary place to go within Macworld's pages for help with all things Apple We've distilled the Mac troubleshooting knowledge we've acquired over the past 10 years of putting together columns and created the Mac Troubleshooting Superguide the latest in Macworld's popular Superguide series Since the Mac 911 column's birth we've seen the death OS 9 and rebirth OS X of the Mac OS the coming and going of countless Mac models and the explosion of the Internet We've also witnessed the metamorphosis of Apple the computer company into Apple the media and telecommunications giant responsible for two of the most game changing products of the young century the iPod and iPhone Yet through all these changes one constant remains the desktops and laptops that we increasingly rely on for our work and pleasure sometimes act up in frustrating ways Fortunately as exasperating as these hiccups may be they are often predictable In this guide we attempt to present the difficulties you might encounter in the order in which you're likely to encounter them If for example something goes amiss as you're installing the latest greatest version of OS X you can be assured that you'll find it in the first chapter Installation If later in the day you press your Mac's power button and nothing good results you'll find help in the next chapter which addresses start up issues crashes and freezes Have a problem with hardware next Simply page on to Hardware Help And so

on through the System Issues Fixes OS X's Applications the Internet Networking and Mac Maintenance chapters And if despite all of your diligent efforts no solution is found there are directions for what to do next in the Support Tricks chapter But allow me to also extend a personal invitation to Macworld's Mac 911 forum where I and other knowledgeable Mac users are eager to lend a helping hand

OS X Hints, Snow Leopard (Macworld Superguides) , When it comes to uncovering your Mac's hidden powers there's no better resource than MacOSXHints.com a collaborative Website that lets Mac users share their favorite tips and tricks In fact over the past ten years the site has collected more than 13 000 hints We've done more than just copying and pasting the hints from the site though We've also rewritten them all in a clear straightforward fashion complete with screenshots to make them as easy to use as possible We've tried to address nearly every aspect of Snow Leopard including customizing the look of Finder windows searching hidden system files with Spotlight and making the most of OS X navigation tools like Quick Look Expos and Spaces Save time with undocumented shortcuts and unlock powerful file sharing and printing features Follow the step by step advice on squeezing more power from OS X's productivity programs including Mail iCal and iChat Track down anything online and stay organized with Safari tips Finally take a trip to Terminal If you're new to OS X's command line interface we'll show you how to get started and how to protect yourself from dangerous actions If you're a command line veteran you'll find tips for taking advantage of hidden commands and strategies for working in Terminal more efficiently And yes if you are still using Leopard we've still have the previous version of this book available If you're looking to get the most out of Snow Leopard this book is a great way to help you do just that And once you're up to speed we encourage you to share the wealth post your own discoveries and tips at www.macosxhints.com
