Taking Back The Tower Simple Solutions For Saving Higher Education:

Taking Back the Tower Howard L. Smith, 2009-03-20 Academia is in trouble Taxpayers are fed up with the enormous expenses associated with public universities as well as administrators whose strategies and goals are fuzzy at best and destructive at worst Parents worry about how they will find the wherewithal to send their offspring to college Employers question the ability of new graduates and degree holders to write or reason lucidly And everyone except entrenched faculty members questions the practice of tenure which generally creates an incentive for mediocrity Meanwhile academic authorities responsible for managing our august institutions of higher education pontificate about the problems without delivering meaningful solutions But meaningful solutions do exist and this book explains them in depth Taking Back the Tower a compendium of no nonsense management oriented lessons and prescriptions for the academy will go a long way toward restoring the respect our colleges and universities deserve Taking Back the Tower focuses squarely on bringing common sense to higher education by urging creative thinking especially out of the box approaches in promoting change It offers numerous solutions many of which will be seen as quite controversial by the establishment Smith outlines how to overcome resistance to change lead more effectively demand accountability for performance manage resources for the highest return remain firm with tuition payers and donors when warranted manage costs to help keep the price of an education contained and much more The secret is in managing the few key variables that will have the biggest impact on overall results The ideas are wholly practical and much less philosophical than those in most books on the subject Following them will help schools improve results across the board Smith s decades of experience as both a teacher and administrator in academia as well as a consultant for many public and private sector organizations make him the perfect author for this book Moreover his insights coupled with the many enlightening and entertaining examples all true will capture the attention of readers and help them understand why change must come and why it must be radical Parental Involvement and Academic Success , Parental Involvement and Academic Success William Jeynes, 2010-09-13 Providing an objective assessment of the influence of parental involvement and what aspects of parental participation can best maximize the educational outcomes of students this volume is structured to guide readers to a thorough understanding of the history practice theories and impact of parental involvement Cutting edge research and meta analyses offer vital insight into how different types of students benefit from parental engagement and what types of parental involvement help the most Unique among works on the topic Parental Involvement and Academic Success uses meta analysis to enable readers to understand what the overall body of research on a given topic indicates examines research results in terms of their practical implications focuses significantly on the influence of parental involvement on minority students academic success Important reading for anyone involved in home school relations parental involvement in education this book is highly relevant for courses devoted to or which include treatment of the topic Physician Practice Management Lawrence F.
