Translating across Sensory and Linguistic Borders Madeleine Campbell, Ricarda Vidal, 2018-12-08 This book analyses intersemiotic translation where the translator works across sign systems and cultural boundaries Challenging Roman Jakobson's seminal definitions it examines how a poem may be expressed as dance a short story as an olfactory experience or a film as a painting This emergent process opens up a myriad of synaesthetic possibilities for both translator and target audience to experience form and sense beyond the limitations of words The editors draw together theoretical and creative contributions from translators artists performers academics and curators who have explored intersemiotic translation in their practice The contributions offer a practitioner's perspective on this rapidly evolving interdisciplinary field which spans semiotics cognitive poetics psychoanalysis and transformative learning theory The book underlines the intermedial and multimodal nature of perception and expression where semiotic boundaries are considered fluid and heuristic rather than ontological It will be of particular interest to practitioners scholars and students of modern foreign languages linguistics literary and cultural studies interdisciplinary humanities visual arts theatre and the performing arts

Without a Dowry and Other Plays Alexander Ostrovsky, 2025-09-25 Contemporary of Turgenev Dostoevsky and Tolstoy and precursor to Chekhov he was a keen

sociological observer often exposing abuses of power landing him in trouble with the censors again and again He wrote 47 original plays and began the tradition of acting today associated with Stanislavsky Ostrovsky s plays were written with performance in mind and with a masterful use of colloquial language To this day they are a much performed part of the Russian repertory This volume collects four of Ostrovsky s key plays each from a different decade A Profitable Position An Ardent Heart Without a Dowry and Talents and Admirers and is rounded out by the translator s introduction an afterword for each play an extensive bibliography and complete list of Ostrovsky s works *Evening Talks with Sri Aurobindo* Aurobindo Ghose, Ambalal Balkrishna Purani, 1959 *Between Faith and Reason* Dr. Martin Sicker, 2020-07-13 The studies in this volume discuss some of the issues implicit but not resolved in the Hebrew Scriptures including the problems inherent in the topics of theology and religious philosophy as discussed and argued by scholars for more than two millennia The studies address the problem of philosophy the troublesome issues of moral autonomy and divine omniscience and theodicy from a Judaic perspective In addition it includes a study of the biblical story of the Golden Calf and its religious implications that are more complex than a cursory reading of the biblical text will suggest Finally it includes a discussion of the often misunderstood concepts of the prophet and prophecy as set forth in the biblical texts Although this book does not and cannot resolve the philosophical and theological issues that have persisted through the millennia it hopes to make clear how these issues have been wrestled with from a Judaic perspectives which will have relevance with regard to the perspectives on these matters of other monotheistic faiths
