## **Youtube Book Review Step By Step:**

*PHARMACEUTICAL PHD THESIS WRITING AND CONDUCTING THE RESEARCH STEP-BY-STEP GUIDANCE* DR PATHAN AZHER KHAN, Payal Jayendra Badole, SWARUPA MOHAN WANOLE, 2024-06-13 This book offers extensive and valuable advice for researchers starting with pharmaceutical studies and doctoral dissertation writing. The contributors provide precise detailed instructions covering every phase of the research process from choosing a topic to sharing findings because they know the intricacies and difficulties that come with it. Essential topics covered in the book include writing a professional thesis, conducting literature reviews, planning experimental methods, and guaranteeing ethical human and animal research procedures. The book promises to provide researchers with the information and abilities required to succeed academically and professionally in the pharmaceutical sciences through helpful guidance, software tool recommendations, and communication techniques.

**Summary of the book:** This thorough manual is vital for researchers since it covers every pharmaceutical research and thesis composing stage. It starts with methods for choosing a study topic that is both possible and relevant. Key areas of exploration are identified by utilizing resources such as YouTube, LinkedIn, published papers, and reviews. The book leads users through creating a synopsis and offers precise step by step guidance on successfully communicating your research. Essential phases of carrying out an exhaustive literature study are addressed, guaranteeing that you establish a firm basis by examining current material and pinpointing deficiencies. After that, the book moves on to planning and carrying out experiments, emphasising the significance of physicochemical characterisation, drug and excipient compatibility, and formulation development. It emphasises using QbD principles to optimise and evaluate various dosage forms alongside in vitro studies. Practical aspects of conducting animal and human studies ethically and effectively are addressed, followed by guidance on writing a compelling thesis. The book underscores the significance of professional writing in achieving a doctoral certificate and provides tips for image preparation crucial for thesis writing. It also discusses various statistical drug design and research writing software tools. Finally, the guide prepares you for defending your thesis and offers advice on publishing and disseminating your findings to ensure your research reaches a broader audience. With its step by step approach and accessible language, this book is an invaluable companion for researchers embarking on pharmaceutical research and thesis writing across diverse fields.
