To all the entrepreneurs who fail in their first year of business what a tragedy it is when the one thing they risked everything for never fully gets to see the light of day Waiting for people to come to you is not a strategy Understanding exactly WHO your dream customer is discovering where they re congregating and throwing out the hooks that will grab their attention to pull them into your funnels where you can tell them a story and make them an offer is the strategy That s the big secret Traffic is just people This book will help you find YOUR people so you can focus on changing their world with the products and services that you sell
