At the Temple of Art Colleen Denney, 2000 In the hands of an innovative team consisting of Sir Coutts Lindsay his wife Blanche Lindsay and two managers Charles Halle and Joseph Comyns Carr the gallery developed a reputation as a leading exhibition space for British and Continental artists during the late Victorian period What factors contributed to its rise to prominence on the London exhibition circuit How did it maintain that respected place in light of the diversification of showcases during this period Central to this book is a close examination of the paintings which were shown at the gallery during its fourteen year run how they were received by the critics and which movements were represented Jacket *The Arrival of the Fittest* Jim Endersby, 2025-01-06 In the early twentieth century varied audiences took biology out of the hands of specialists and transformed it into mass culture transforming our understanding of heredity in the process In the early twentieth century communities made creative use of the new theories of heredity in circulation at the time including the now largely forgotten mutation theory of Hugo de Vries Science fiction writers socialists feminists and utopians are among those who seized on the amazing possibilities of rapid and potentially controllable evolution De Vries's highly respected scientific theory only briefly captured the attention of the scientific community but its many fans appropriated it for their own wildly imaginative ends Writers from H G Wells and Edith Wharton to Charlotte Perkins Gilman J B S Haldane and Aldous Huxley created a new kind of imaginary future which Jim Endersby calls the biotopia It took the ambiguous possibilities of biology utopian and dystopian and reimagined them in ways that still influence the public's understanding of the life sciences *The Arrival of the Fittest* recovers the fascinating long forgotten origins of ideas that have informed works of fiction from *Brave New World* to the *X Men* movies all while reflecting on the lessons positive and negative that this period might offer us

Catalogue of the Library of the Boston Athenæum Boston Athenæum, 1882 *Catalogue of the Library of the Boston Athenæum*, 1874 *The Spirit of the English Magazines*, 1896 *The Collected Letters of Sir George and Lady Beaumont to the Wordsworth Family, 1803-1829* Jessica Fay, 2021-04-01 Sir George Beaumont is a key figure in the history of British art As well as being a respected amateur landscape painter he was a prominent patron a collector and co founder of the National Gallery William Wordsworth described Beaumont's friendship as one of the chief blessings of his life and this edition reveals that the two men became collaborators as well as companions In addition to documenting unique perspectives on social political and cultural events of the early nineteenth century providing new contexts for reading Wordsworth's mature poetry the letters collected here chart the progress of an increasingly intimate inter familial relationship The picture that emerges is of a coterie that in influence creativity and affection rivals Wordsworth's more famous exchange with Coleridge at Nether Stowey in the 1790s The edition includes an extended study of how Wordsworth and Beaumont helped shape one another's work tracing processes of mutual artistic development that involved not only a meeting of aristocratic

refinement and rural simplicity of a socialite and a lover of retirement of a painter and a poet but also an aesthetic rapprochement between neoclassical and romantic values between the impulse to idealize and the desire to particularize

The Spirit of Secular Art Robert Nelson, 2007 THE SPIRIT OF SECULAR ART explains the spiritual prestige of art Various theorists have discussed how art has an aura or indefinable magic This book explains how when and why it gained its spiritual properties The idea that all art is somehow spiritual even though not religious is often assumed this book while narrating the historical trajectory of art in the most accessible language reveals how the mysteries of religious practice are abstracted and saved through all stages of secularisation in European culture THE SPIRIT OF SECULAR ART presents a coherent theory defining the sacred basis of Western aesthetics It evocatively describes the afterlife of the holy from Ancient Greece to the present and outlines how the mysterious institution of art can be explained in material terms Unlike other books in the genre THE SPIRIT OF SECULAR ART radically deconstructs traditional art history in terms of prestige and the value of the non material The book functions as an alternative critical history of art integrated with the histories of literature and belief a philosophical essay on the fundamental values of art and religion and a critique of the spiritual conceits of contemporary aesthetics and art appreciation Intelligent Souls? Samara Anne Cahill, 2019-05-17 Intelligent Souls offers a new understanding of Islam in eighteenth century British culture Samara Anne Cahill s ambitious study explores two separate but overlapping strands of thinking about women and Islam in the eighteenth century which produce the phenomenon of feminist orientalism One strand describes seventeenth century ideas about the nature of the soul used to denigrate religious political opponents and the other tracks the transference of these ideas to Islam during the Glorious Revolution and the Trinitarian controversy of the 1690s The Last Romantic Jeffrey W. Barbeau, 2025-01-28 In this theological and literary investigation Jeffrey Barbeau explores the influence of nineteenth century Romanticism on C S Lewis s writing in three essays Drawing on extensive reading of the marginalia Lewis s personal library Barbeau offers a fresh understanding of modern theology Romantic poetry and Lewis s most beloved works
