Resources in Education, 1998 Reading Research at Work Katherine A. Dougherty Stahl, Michael C.

McKenna, 2006-04-20 This book presents state of the science research on the components of successful literacy learning and how to target them in contemporary classrooms The volume builds on and extends the work of Steven Stahl whose pioneering contributions encompassed the key areas of phonemic awareness phonics vocabulary fluency comprehension and assessment Ten classic papers by Stahl are accompanied by 16 new chapters by other leading experts who highlight Stahl's theoretical methodological and instructional innovations describe how knowledge about each domain continues to evolve and discuss implications for helping all children become better readers Whole Language Teaching, Whole-hearted Practice

Monica Taylor, 2007 This seminal collection brings together the multiple perspectives of whole language educators over the course of the past thirty five years The essays illustrate the complex ways in which whole language teachers have been and continue to be political activists through their interactions with students the teachers' beliefs about teaching learning and curriculum their commitment to critical thinking and social justice their collaborative engagements with other teachers their role as leaders of change in schools and communities and finally their activism in society Although many believe that we are living in a climate where the term whole language is considered taboo the contributors to this book demonstrate hopefulness for the future of whole language as Yetta and Ken Goodman write in the concluding chapter whole language is alive and well
