Black virality refers to the spread of Black performance that becomes uncontrollable because of its rapid and ubiquitous circulation through popular media

Gabriel A Peoples examines Black people and representations of Black people that have gone viral from the eighteenth century to today

Peoples s analysis ranges from abolitionist and proslavery visual culture to Do the Right Thing to Bed Intruder Song and the cellphone video of Derrion Albert s murder

After identifying these moments he considers how performances go viral in Black ways

He also thinks through the ways Black virality circulates ideas that materially affect Black life

As he shows an interacting person s vulnerability to racialized gender and racialized sexuality knowledge inspires how they spread a performance

Non iconic elements of viral moments reveal hard to find nuances of Black life while the artists and others represented in viral moments promote both collective and individual liberation by harnessing their visibility and audibility

Rigorous and expansive Goin Viral uses Black virality as a new way to understand and frame Black performances
