BRIEF BIOGRAPHY OF Ray Bradbury

Bradbury spent his childhood in Chicago. After the family moved west from Los Angeles, California, Bradbury lived in California's Santa Monica district from the age of 12 until attending high school in nearby Hollywood and its environs. Bradbury was an avid reader and continued his reading at the public library. He worked in bookstores, selling newspapers and books during his young adult life. In 1940, just before the United States entered World War II, Bradbury was sent off to work in the paper mills and managed to escape what was under the name of his work.
