

Superchips 1715 MAX MicroTuner

Ford V8 E, F, Lightning, Harley and Ford, Lincoln & Mercury SUV Series

Vehicle Programming Instructions

PLEASE READ THIS ENTIRE INSTRUCTION SHEET BEFORE YOU PROCEED

Thank you for choosing the Superchips Model 1715 MAX MicroTuner, a state-of-the-art instrument that allows you to install a Superchips performance program specifically tuned for your vehicle and your driving requirements.

You can select between a "Performance" or "Towing-Performance" program when you are using premium fuel. You can also select a program that provides optimum performance when using 87 octane fuel.

If your vehicle is a Lightning or super-charged Harley Davidson Edition vehicle, an "HP4" tuning level is offered in lieu of the "87 Octane" tuning level for use when a 4lb pulley is used to raise boost pressure.

You can custom tune your shift points and shift firmness, and optionally raise or lower the vehicle rpm and speed limiters. Vehicles with electronic speedometers allow for correction to compensate for gear changes and tire size.

This product is intended for use on unmodified stock engines without other engine enhancement devices installed and with stock transmissions.

Use High Octane Fuel

The Superchips "Performance", "Towing Performance" and "HP4" programs require that you use at least 91 octane fuel. Using a lower octane fuel while any of the performance programs is installed may cause detonation that can cause damage to your engine that is not covered by the Superchips warranty.

About Maximum Trailer Weight

The manufacturer of your vehicle has specified a Maximum Trailer Weight for your vehicle. It may be found in your vehicle owner's manual.

This Superchips product is designed to increase your engine power and performance. It does not change the engine, suspension or drive train characteristics that limit the maximum trailer weight your vehicle is designed to tow. Towing trailer weights above the maximum trailer weight specified by the vehicle manufacturer may cause transmission or other damage.

If you wish to tow greater than the maximum trailer weight for your vehicle, modifications to your vehicle may need to be made. Consult your performance auto mechanic for the proper vehicle modifications.

Damage caused by towing weights greater than the maximum trailer weight specified for your vehicle shall not be the responsibility of Superchips, Inc.
