The Player The Life Of Tony Oreilly:

The Player Ivan Fallon,1995 **Player Life of Tony O'Reilly** Fallon,1995-12 An Economic History of Ireland Since Independence Andy Bielenberg,Raymond Ryan,2013-05-20 This book provides a cogent summary of the economic history of the Irish Free State Republic of Ireland It takes the Irish story from the 1920s right through to the present providing an excellent case study of one of many European states which obtained independence during and after the First World War The book covers the transition to protectionism and import substitution between the 1930s and the 1950s and the second major transition to trade liberalisation from the 1960s In a wider European context the Irish experience since EEC entry in 1973 was the most extreme European example of the achievement of industrialisation through foreign direct investment The eager adoption of successive governments in recent decades of a neo liberal economic model more particularly de regulation in banking and construction has recently led the Republic of Ireland to the most extreme economic crash of any western society since the Great Depression *Stand Up and Fight* Alan English,2023-10-05 A modern classic Absolutely riveting and frequently moving The Telegraph Among the best books ever written on Irish sport Sunday Tribune Brilliant Stand Up and Fight is the definitive account It captures the essence of what makes Munster rugby and its provincial team so unique Tony Ward Irish Independent A terrific combination of intelligent reportage and open eyed mythmaking Sunday Times A seminal account New Zealand Herald Irresistible Guardian 31 10 1978 Thomond Park On one of the greatest days in rugby history Munster beat the All Blacks More than 100 000 people claimed to have watched the game even though the ground could only hold 12 000 Now fully updated for the 45th anniversary of the match Alan English tells the true story **Field Day Review** 7 James Chandler,Kevin Honan,Luke Gibbons,Seamus Deane,Niall Meehan,Kerby Miller,Lucy Cotter,Tony Crowley,2011-10-15 Irish Studies essays from the best academics in the field **International Who's Who of Authors and Writers 2004** Europa Publications,2003 Accurate and reliable biographical information essential to anyone interested in the world of literature TheInternational Who s Who of Authors and Writersoffers invaluable information on the personalities and organizations of the literary world including many up and coming writers as well as established names With over 8 000 entries this updated edition features Concise biographical information on novelists authors playwrights columnists journalists editors and critics Biographical details of established writers as well as those who have recently risen to prominence Entries detailing career works published literary awards and prizes membership and contact addresses where available An extensive listing of major international literary awards and prizes and winners of those prizes A directory of major literary organizations and literary agents A listing of members of the American Academy of Arts and Letters Narrative and Discursive Approaches in Entrepreneurship Chris Steyaert,2005-01-01 the four books comprising the series would certainly be a valuable addition to any entrepreneurship library However each book also stands alone as an individual purchase Lorraine Warren International Journal of Entrepreneurial Behaviour and Research The book delivers

what it promises a map of the uses of narrative methods in entrepreneurship studies It is both an interesting contribution to the field and an important methodological handbook for all entrepreneurship researchers who are thinking of adopting qualitative methods in their inquiries However it may also be read with advantage by other researchers using ethnography as their main methodological approach to social studies The aim of the book is to show how narratives can enrich entrepreneurship studies a goal that in my opinion is aptly fulfilled Monika Kostera *Scandinavian Journal of Management* the contributors in this text breathe fresh and imaginative linguistic resources and narrative discursive frames of reference into the inquiry of entrepreneurial activities The anecdote the narrative the metaphorical the discursive and the dramaturgical are significant therefore not only because they bring to the surface voices emotions processes and the relationality of everyday entrepreneurial activity that have possibly been previously silenced But also to paraphrase Steyaert these approaches highlight the controversial and interactive aspects of the research process The text is welcome because it treats narrative in a serious and scholarly way Denise Fletcher *International Small Business Journal* In their edited book *Narrative and Discursive Approaches in Entrepreneurship* Daniel Hjorth and Chris Steyaert provide a fascinating glimpse into a perspective on entrepreneurship that will be enlightening for many readers Entrepreneurship authors typically talk about theory methods and data as if a straight forward linear process united them all and making sense of entrepreneurship was simply a matter of knowing how to interpret one's findings By contrast the authors in this volume propose narrative and discursive approaches in which the contributing authors emphasize rich description reflexive conceptualization and interpretations offered as part of the story itself They draw upon an international set of cases including Russia Sweden Denmark Norway Venezuela and North America The cases themselves make for fascinating reading quite apart from what we learn about the difficulties of imposing a particular interpretation on a given story For example taxi drivers in Caracas management consultants in Denmark and women entrepreneurs in northern Norway all make for fascinating narratives from which to understand the entrepreneurial process Unlike many edited books which have no plot the editors have included opening and closing sections that link the chapters offer alternative readings of them and propose new and expansive ways of thinking about entrepreneurship Howard Aldrich *University of North Carolina at Chapel Hill US* Daniel Hjorth and Chris Steyaert set out to advance the study of entrepreneurship by refocusing the lens of discovery from economics management and marketing to other paradigmatic stances in social sciences and humanities like anthropology and literary studies The result is a provocative collection of chapters that inspire the reader to consider and explore new ideas and research practice that incorporate both the context and place of entrepreneurship From the perceptive insights of the editors to the rigorous and provocative discourse of the chapters and thoughtful responses in the conclusion emerges a story in the best of storytelling tradition about how a linguistic turn can rouse new insights The editors ask how do these texts move you they entice provoke challenge stimulate and guide Their implications should be far reaching and required reading for any student

of t Business Review Weekly ,1996 **The Maximalist** Matt Cooper,2015-09-11 I am a maximalist I want more of everything Tony O Reilly strode into the twenty first century an Irishman apart Strikingly good looking athletically gifted irresistibly charismatic and phenomenally wealthy he had everything any man could want For many he was a hero the living embodiment of Irish potential for others he was an arrogant and overbearing presence at the heart of power Without doubt he was the most powerful unelected Irishman of the past 50 years His philosophy was simple I am a maximalist I want more of everything But it was never enough And today O Reilly s empire and the formidable reputation it established lie in tatters In this landmark biography Matt Cooper draws on an abundance of new material including interviews with many of O Reilly s closest family friends associates and rivals to uncover the man behind the myth An Irish epic it documents in unflinching detail and with great subtlety the meteoric rise and slow unravelling of an Irish icon **Investors Chronicle** ,1995
