The Camphor Flame The Camphor Flame:

The Camphor Flame C. J. Fuller, 2018-06-05 Popular Hinduism is shaped above all by worship of a multitude of powerful divine beings a superabundance indicated by the proverbial total of 330 million gods and goddesses The fluid relationship between these beings and humans is a central theme of this rich and accessible study of popular Hinduism in the context of the society of contemporary India Lucidly organized and skillfully written The Camphor Flame brings clarity to an immensely complicated subject C J Fuller combines ethnographic case studies with comparative anthropological analysis and draws on textual and historical scholarship as well The book s new afterword brings the study up to date by examining the relationship between popular Hinduism and contemporary Hindu nationalism **The Camphor Flame** Christopher John Fuller, 1992

Popular Hinduism is shaped above all by worship of a multitude of powerful divine beings a superabundance indicated by the proverbial total of 330 million gods and goddesses The fluid relationship between these beings and humans is a central theme of this rich and accessible study of popular Hinduism in the context of the society of contemporary India Lucidly organized and skillfully written The Camphor Flame brings clarity to an immensely complicated subject C J Fuller combines ethnographic case studies with comparative anthropological analysis and draws on textual and historical scholarship as well The book begins with an analysis of namaskara the graceful gesture with which Hindus greet and show respect to gods and goddesses and to social superiors in the human world Hierarchy is at the heart of Hinduism and Indian society and Fuller examines the many contexts in which unequal relationships between deities and people and among people themselves are expressed or denied in popular religion Throughout he proposes new ways of looking at many aspects of popular Hinduism and society in India such as the relationship between worship and sacrifice the importance of kingship even at the local level the place of devotionism in popular religion the ritual power of goddesses and women the connection between alternative explanations of misfortune and the common basis of rituals that range from the most complicated to the simple showing of a single camphor flame to a god or goddess **Hindu Nationalism and the Language of Politics in Late Colonial India**

William Gould, 2004-04-15 In this book William Gould explores what is arguably one of the most important and controversial themes in twentieth century Indian history and politics the nature of Hindu nationalism as an ideology and political language Rather than concentrating on the main institutions of the Hindu Right in India as other studies have done the author uses a variety of historical sources to analyse how Hindu nationalism affected the supposedly secularist Congress in the key state of Uttar Pradesh In this way the author offers an alternative assessment of how these languages and ideologies transformed the relationship between Congress and north Indian Muslims The book makes a major contribution to historical analyses of the critical last two decades before Partition and Independence in 1947 which will be of value to scholars interested in historical and contemporary Hindu nationalism and to students researching the final stages of colonial power in India *Drama Decoded: Tradition meets Science* Sheetal Agrawal, 2025-04-17 Drama Decoded Tradition Meets Science by Miss Sheetal

Agrawal is a captivating exploration of the science behind Hindu traditions and the profound meaning of ancient mantras. Drawing from her own journey from atheism to spirituality, the author delves into the rituals, practices, and customs deeply rooted in Indian culture, unraveling their scientific relevance and spiritual significance. Through personal experiences and meticulous research, the book sheds light on how these traditions are not mere superstitions but carry logical and impactful insights into life. Thought-provoking and enlightening, this book bridges the gap between tradition and modern science, offering readers a fresh perspective on faith.

Sacred Matters Tracy Pintchman, Corinne G. Dempsey, 2015-11-16 Explores how objects shape the worlds of religious participants across a range of South Asian traditions. *Sacred Matters* explores the lives of material objects in South Asian religions. Spanning a range of traditions including Hinduism, Islam, Jainism, Buddhism, and Christianity, the book demonstrates how sacred items influence and enliven the worlds of religious participants across South Asia and into the diaspora. Contributors examine a variety of objects to describe the ways sacred materials derive and confer meaning and efficacy, emerging from and giving shape to religious and nonreligious realms alike. Material forms of deity and divine power are considered along with commonplace ritual items including images, clay pots, and camphor. The work also attends to materiality's complex role within the materially suspicious contexts of Islam, Theravada Buddhism, and Roman Catholicism. This engaging collection presents new frameworks for contemplating the ways in which historical, social, and sacred processes intertwine and collectively shape human and divine activity.

A Comparative Sociology of World Religions Stephen Sharot, 2001-08 *A Sociology of World Religions* presents a comparative analysis of the world's religions, focusing on the differences and interrelationships between religious elites and lay masses. In each case, the volume contextualizes how the relationships between these two religious forms fit within and are influenced by the wider socio-political environment. After introducing the book's major themes, the volume introduces and builds upon an analysis of Weber's model of religious action, drawing on Durkheim, Marxist scholars, and the work of contemporary sociologists and anthropologists. The following chapters each focus on major religious cultures including Hinduism, Buddhism, Catholicism, Protestantism, Islam, Judaism, and the religions of China and Japan. This ambitious project is the first to offer a comparison of the popular or folk forms of religion around the world. Sharot's accessible introductions to each of the world religions, synthesizing a vast literature on popular religion from sociology, anthropology, and historians of religion, make the project ideal for course use. His comparative approach and original analyses will prove rewarding even for experts on each of the world religions.

The Cottager's Monthly Visitor, 1851 **Religion Against the Self** Isabelle Nabokov, 2000-09-21 This book provides a holistic description of Hinduism, showing how different types of Hinduism form a total or systematic cosmology and repeat crucial values through different symbols. Looking at Tamil religious practices, Isabelle Nabokov reveals that Tamil religion is primarily concerned with transformations of identity and subjectivity both in this world and in the hereafter.

Spiritual Bloomsbury Antony R. H. Copley,2006-01-01 A *Spiritual Bloomsbury* is an exploration of how three English writers Edward Carpenter E M Forster and Christopher Isherwood sought to come to terms with their homosexuality by engagement with Hinduism Copley reveals how these writers came to terms with their inner conflicts and were led in the direction of Hinduism by friendship or the influence of gurus Tackling the themes of the guru disciple relationship their quarrel with Christianity relationships with their mothers and the problematic feminine the tensions between sexuality and society and the attraction of Hindu mysticism this fascinating work seeks to reveal whether Hinduism offered the answers and fulfillment these writers ultimately sought Also included is a diary narrating Copley's quest to track down Carpenter's and Isherwood's Vedantism and Forster's Krishna cult on a journey to India

The Goddess Lives in Upstate New York Corinne G. Dempsey,2006-01-26 This profile of an unusual South Indian temple community in Rush New York describes how the temple combines orthodox rituals and socioreligious iconoclasm The author uses the temple's surprising success to analyse the distinctive dynamics of Hinduism including issues of gender caste and community OCLC

Poetics of Conduct Leela Prasad,2007 Leela Prasad's riveting book presents everyday stories on subjects such as deities ascetics cats and cooking along with stylized publicly delivered ethical discourse and shows that the study of oral narrative and performance is essential to ethical inquiry Prasad builds on more than a decade of her ethnographic research in the famous Hindu pilgrimage town of Sringeri Karnataka in southwestern India where for centuries a vibrant local culture has flourished alongside a tradition of monastic authority Oral narratives and the seeing and doing orientations that are part of everyday life compel the question How do individuals imagine the normative and negotiate and express it when normative sources are many and diverging Moral persuasiveness Prasad suggests is intimately tied to the aesthetics of narration and imagination plays a vital role in shaping how people create refute or relate to text moral authority and community Lived understandings of ethics keep notions of text and practice in flux and raise questions about the constitution of theory itself Prasad's innovative use of ethnography poetics philosophy of language and narrative and performance studies demonstrates how the moral self with a capacity for artistic expression is dynamic and gendered with a historical presence and a political agency

Fierce Gods Diane P. Mines,2005-07-27 A vivid account of ritual power and social inequality in rural India

Untouchable Pasts Saurabh Dube,1998-03-19 *Untouchable Pasts* constructs a history of an untouchable and heretical community over the last two hundred years The Satnamis of Central India have combined the features of a caste and a sect to question and challenge the tenor of ritual power that variously defines Hinduism At the same time within the community schemes of meaning and power particularly those centering on gender have been imbued with ambiguity and a reproduction

of forms of inequality The book presents an interpretive account of Satnami endeavors encounters and experiences by combining history and anthropology archival and field work It addresses a clutch of theoretical questions and a range of key and inextricably bound analytical relationships in an accessible manner Issues of caste and untouchability sect and kinship myths and pasts are rendered here as part of a wider dynamic between religion and power gender and community writing and the constitution of traditions ritual and the making of modernities and orality and the construction of histories Indeed Untouchable Pasts brings together the perspectives and possibilities defined by three overlapping but distinct theoretical developments that have been elaborated in recent years first novel renderings of anthropologies and ethnographies of the historical imagination second critically engaged constructions of histories from below particularly by the collective Subaltern Studies endeavor and finally a conceptual emphasis on the everyday as an arena for the production negotiation transaction and contestations of meanings within wider networks and relationships of power By casting these analytical tendencies in a critical dialogue with one another Untouchable Pasts works toward questioning some of those overarching oppositions for example between ritual and rationality myth and history tradition and modernity and community and state that have formed the conceptual core of several inherited traditions of social and political theory within the academy in both Western and non Western contexts
