The Routledge Anthology of Climate Fiction Bill Gillard, 2024-11-26 The Routledge Anthology of Climate Fiction brings together key works from the Bible to the twentieth century in an accessible resource for students and teachers alike. With a robust variety of works including H G Wells, Clare Winger Harris, H P Lovecraft, Leslie F Stone, and Arthur Conan Doyle, The Routledge Anthology of Climate Fiction offers vital new perspectives and critical introductions all the way back to humanity's earliest surviving literary texts.

The Readers' Advisory Guide to Horror Becky Siegel Spratford, 2021-09-30 Like the zombies, ghouls, and vampires which inhabit many of its books, the popularity of horror fiction is unstoppable. Even if you don't happen to be a fan yourself, you won't be scared to advise readers on finding their next great fright thanks to the astute guidance provided by horror expert Spratford. In her updated guide, this definitive resource for library workers at any level of experience or familiarity with horror fiction details the state of the genre right now, including its appeal factors and key authors, assisting readers in getting up to speed quickly. It presents ten annotated lists of suggested titles, all published since 2000, each with a short introduction providing historical context. It delves into horror movies, TV shows, podcasts, and other formats, and offers abundant marketing advice, programming options, and pointers on additional resources.

[The Chicago Manual of Style 18th edition 2025](#) Elliot Spencer, 2025-07-07 The Chicago Manual of Style CMOS is a classic sourcebook for authors, editors, and publishers, spanning decades, presenting authoritative guidance in English language use and publishing guidelines. In September 2024, the University of Chicago Press released the 18th edition, the biggest overhaul in twenty years. This edition captures the evolving face of language and publishing, addressing current issues and using feedback from an eclectic constituency of practitioners. Are you overwhelmed by evolving grammar rules, confused by citation updates, or struggling to keep your writing inclusive and professionally polished? In today's rapidly changing world of publishing, language and digital content creation, writers, editors, academics, and communicators are facing new challenges every day. From gender-neutral pronouns to artificial intelligence and digital-first publishing formats, traditional rules are shifting fast, and outdated style guides no longer meet modern demands. The Chicago Manual of Style 18th Edition 2025 is the authoritative, cutting-edge solution for anyone who works with the written word. This landmark release, completely overhauled for the first time in over two decades, responds directly to the pressing needs of today's writers and editors. Whether you're an author, academic, student, journalist, or publishing professional, this edition equips you with the essential tools to write clearly, cite accurately, and edit with precision and purpose. What's New and Why It Matters: This edition introduces critical updates that reflect a more inclusive, digital, and globally connected writing landscape. For the first time, the singular "they" is fully endorsed in formal writing, offering respectful and grammatically sound solutions for gender-neutral language. Title capitalization rules have been modernized to standardize publishing conventions across media. Outdated requirements, like including cities in book citations, have been removed to streamline referencing in a digital-first world. This guide doesn't just

teach you how to follow rules it helps you understand why the rules have evolved empowering you to write with clarity consistency and authority in any context What You ll Gain from This Edition Master the modern grammar and usage standards trusted by professionals around the world Apply inclusive and accessible language with confidence Navigate complex publishing processes from manuscript prep to final edits Use AI and digital publishing tools ethically and effectively Create accurate up to date citations and bibliographies for books journals websites and more Save time with clear concise guidance on punctuation spelling abbreviations and formatting This is more than a style guide it s your all in one reference for writing in a world that demands accuracy adaptability and inclusivity Designed for real world use it covers everything from source citation and permissions to journal structure parts of a book and grammar rules that reflect how English is used today If you want your words to stand out be respected and remain timeless this is the one book you need on your desk Join the millions of professionals who trust The Chicago Manual of Style to elevate their work Whether you re revising a manuscript crafting a research paper publishing an article or writing for the web this guide will help you do it right every time Don t fall behind Stay current Write with confidence Get your copy of The Chicago Manual of Style 18th Edition today and future proof your writing Translator Nicolle Raven PUBLISHER TEKTIME

Climate Fiction and Cultural Analysis Gregers Andersen, 2019-09-25 Climate Fiction and Cultural Analysis argues that the popularity of the term climate fiction has paradoxically exhausted the term s

descriptive power and that it has developed into a black box containing all kinds of fictions which depict climatic events and has consequently lost its true significance. Aware of the prospect of ecological collapse as well as our apparent inability to avert it, we face geophysical changes of drastic proportions that severely challenge our ability to imagine the consequences. This book argues that this crisis of imagination can be partly relieved by climate fiction, which may help us comprehend the potential impact of the crisis we are facing. Strictly assigning climate fiction to fictions that incorporate the climatological paradigm of anthropogenic global warming into their plots, this book sets out to salvage the term's speculative quality. It argues that climate fiction should be regarded as no less than a vital supplement to climate science because climate fiction makes visible and conceivable future modes of existence within worlds not only deemed likely by science but which are scientifically anticipated. Focusing primarily on English and German language fictions, *Climate Fiction and Cultural Analysis* shows how Western climate fiction sketches various affective and cognitive relations to the world in its utilization of a small number of recurring imaginaries or imagination forms. This book will be of great interest to students and scholars of ecocriticism, the environmental humanities, and literary and culture studies more generally.

The Existential Toolkit for Climate Justice Educators Jennifer Atkinson, Sarah Jaquette Ray, 2024-05-14. An easy-to-use field guide for teaching on climate injustice and building resilience in your students and yourself in an age of crisis. As feelings of eco-grief and climate anxiety grow, educators are grappling with how to help students learn about the violent systems causing climate change while simultaneously navigating the emotions this knowledge elicits. This book provides resources for developing emotional and existential tenacity in college classrooms so that students can stay engaged. Featuring insights from scholars, educators, activists, artists, game designers, and others who are integrating emotional wisdom into climate justice education, this user-friendly guide offers a robust menu of interdisciplinary plug-and-play teaching strategies, lesson plans, and activities to support student transformation and build resilience. The book also includes reflections from students who have taken classes that incorporate their emotions in the curricula. *Galvanizing and practical: The Existential Toolkit for Climate Justice Educators* will equip both educators and their students with tools for advancing climate justice.

Teaching Multicultural Children's Literature in a Diverse Society AnnMarie Alberton Gunn, Susan V. Bennett, 2023-03-28. This textbook is a comprehensive resource for teaching multicultural children's literature. Providing foundational information on how and why to integrate diverse children's literature into the classroom, this book presents a necessary historical perspective on cultural groups in the United States and context for how to teach children's literature in a way that reflects and sustains students' rich cultural backgrounds. The historical insights and context on diverse cultural groups at the heart of the book allow readers to deepen their understanding of why teaching about cultural diversity is necessary for effective and inclusive education. Part I offers foundational information on how to teach children's literature in a diverse society, and Part II overviews pedagogy, resources, and guidance for teaching specific culturally and linguistically marginalized groups. Each chapter contains book

recommendations discussion questions and additional resources for teachers With authentic strategies and crucial background knowledge embedded in each chapter this text is essential reading for pre service and in service teachers and is ideal for courses in children s literature literacy methods instruction and multicultural education The Anthropocene Working Group and the Global Debate Around a New Geological Epoch Martin Bohle,Boris Holzer,Leslie Sklair,Fabienne Will,2025-03-03 This book examines the role of the Anthropocene Working Group AWG in public and scholarly discussions of the meaning of the Anthropocene proposal The status of the Anthropocene both as a geoscientific concept and as a cultural concept becoming increasingly familiar in the public sphere has been highly controversial While geoscientists focus on possible geological markers and periodisation the social sciences environmental humanities and creative arts have taken up the Anthropocene as a cultural concept to make sense of the planetary environmental crisis and contemporary society This book documents intra inter and transdisciplinary debates particularly although not limited to how different scholarly disciplines have responded to the Anthropocene proposal The authors analyse how the AWG has become the focal point of a debate that straddles the boundaries between academic disciplines and public perceptions of science The AWG thus serves as a case of the globalisation of science in terms of the global interconnectedness of scientific disciplines and the cultural significance of the Anthropocene proposal *The Heart of the Wild* Ben A. Minteer,Jonathan B. Losos Losos,2024-08-13 Timely and provocative reflections on the future of the wild in an increasingly human world The Heart of the Wild brings together some of today s leading scientists humanists and nature writers to offer a thought provoking meditation on the urgency of learning about and experiencing our wild places in an age of rapidly expanding human impacts These engaging essays present nuanced and often surprising perspectives on the meaning and value of wildness amid the realities of the Anthropocene They consider the trends and forces from the cultural and conceptual to the ecological and technological that are transforming our relationship with the natural world and sometimes seem only to be pulling us farther away from wild places and species with each passing day The contributors make impassioned defenses of naturalism natural history and nature education in helping us to rediscover a love for the wild at a time when our connections with it have frayed or been lost altogether Charting a new path forward in an era of ecological uncertainty The Heart of the Wild reframes our understanding of nature and our responsibility to learn from and sustain it as the human footprint sinks ever deeper into the landscapes around us With contributions by Bill Adams Joel Berger Susan Clayton Eileen Crist Martha L Crump Thomas Lowe Fleischner Harry W Greene Hal Herzog Jonathan B Losos Emma Marris Ben A Minteer Kathleen Dean Moore Gary Paul Nabhan Peter H Raven Christopher J Schell Richard Shine and Kyle Whyte
