The Terminator 2025 (Complete Saga) Vol 1-8, The Terminator 1 The plans to kill Sarah Connor and her son John have failed but the genocidal Skynet isn't out of options yet There are still a few more avenues into the past that will allow it to destroy the human resistance that is poised to smash its processors into silicon shrapnel it just needs to expand its theater of operations Opening a new front in the war Terminators are dispatched across the globe and throughout time to target current resistance fighters their ancestors and anyone else unlucky enough to be in the strike zones And while none of these secondary assignments are as straightforward as the missions of the first T 800 and T 1000 time is literally on the machines side When all of history becomes a war zone nowhere and nowhen is safe The Terminator 2 Saigon 1975 The war is winding down and American forces are in retreat One G I is enjoying his final leave in South Vietnam's capital city when he is urgently recalled to the front Back on the line Private Duggan finds that his sector is being overrun by a mysterious enemy force one that doesn't operate like any Viet Cong or NVA unit he's ever faced As rumors spread through the ranks about a one man Charlie platoon Duggan and his squad suddenly come under murderous fire Through the thick jungle air the trapped men spy their attacker a lone figure seemingly impervious to bullets and grenades completely devoid of fear or hesitation Implacable Inescapable Inhuman he Terminator 3 It's the last days of the Vietnam War and the scale of the violence and destruction that have been unleashed seems unreal But nothing that Private Duggan has experienced in battle could have prepared him for the thing that just tore his squad to ribbons and then walked through the hellish fire of an airstrike seemingly unscathed If there is some way to kill it Duggan isn't sticking around to find out Now on the run the lone soldier desperately makes his way through the collapsing country to join the U S Army's final evacuation back to the States but will the chaos and crowds of Saigon be enough to thwart the unrelenting force that is hunting him The Terminator 4 The year is 1986 and the Cold War is at its height Across the globe American and Soviet submarines play a deadly game of cat and mouse hidden deep beneath the surface of the world's oceans Armed with enough firepower to destroy a continent these vessels are among the remote and secure locations on the planet They're also one of the most tempting targets imaginable for an enemy who can see the future particularly one that wants more than anything to set off a nuclear holocaust The Terminator 5 It's 1961 and high above the launch pads of Florida and central Asia the US and the USSR are racing to claim

the ultimate high ground of space America's accelerated program of manned missions Project Mercury is poised to put its first crews into orbit but something even deadlier than Cold War rivalries may be hitching a ride The Terminator 6 As the first generation of human mimicking Infiltrators deployed by Skynet against the Resistance the T 600s displayed all of the problems that come from rushing a prototype into production Covered in unconvincing rubber skin and lacking any organic components they were easily detected and destroyed But if there's one thing that Skynet is good at it's learning from its mistakes And as the historic tales in this pivotal issue demonstrate every T 600's mission no matter the outcome brought the lethal T 800s one step closer to activation The Terminator 7 Everyone knows that in the year 2029 John Conner led the Resistance to victory smashing Skynet's defense grid and defeating the machines once and for all His mother had trained him from birth to be the perfect soldier and leader that the remnants of humanity needed in their darkest hour But who did John Conner turn to for guidance when his mother was gone and the Hunter Seekers and Terminators had humanity on the ropes One person in particular became a mentor to Conner in his darkest hour someone whose own fight against the machines has gone on longer than anyone's The Terminator 8 The story of the darkest days of the war against the machines and the grizzled veteran who helped guide John Conner to his ultimate victory over Skynet comes full circle in this issue leading inexorably to a final fatal confrontation or so it might seem
