Galen on Sense Perception R. E. Siegel, 1970-01-19 The factual information that this book presents with admirable clarity will be of great interest to all those concerned with Greco Roman biology and medicine and the earliest theories of sense perception

Aristotle's ›Parva naturalia‹ Ronald Polansky, 2024-05-20 Aristotle's *Parva naturalia* continues the investigation begun in the *De anima* The *De anima* defines the soul and treats its main powers nutrition sense perception intellection and locomotion The *Parva naturalia* On sense and sensible objects On memory and recollection On sleep On dreams On divination in sleep On motion of animals *De motu animalium* On length and shortness of life and On youth and old age and respiration attends more to bodily involvement with soul While each work offers fascinating and challenging insights there has never been as extensive a commentary covering them together A reason is that the works have often been viewed as incidental and even inconsistent The *De motu animalium* has not typically been included when viewed as an isolated work on animal locomotion This commentary argues that the treatises considered together and with the *De motu* among them display a tight sequence manifesting an artful yet easily overlooked design We reveal many techniques of Aristotle's writing that have received little consideration previously Our commentary contributes to a unified and comprehensive account of Aristotle's overall project regarding the soul and its connections with the body

Aristotle's On the Soul (De Anima) Aristotle, 1981 If we have actually sensation of everything of which touch can give us sensation for all the qualities of the tangible qua tangible are perceived by us through touch and if absence of a sense necessarily involves absence of a sense organ and if all objects that we perceive by immediate contact with them are perceptible by touch which sense we actually possess and all objects that we perceive through media i.e. without immediate contact are

Understanding Imagination Dennis L. Sepper, 2013-05-13 This book discusses that imagination is as important to thinking and reasoning as it is to making and acting By reexamining our philosophical and psychological heritage it traces a framework a conceptual topology that underlies the most disparate theories a framework that presents imagination as founded in the placement of appearances It shows how this framework was progressively developed by thinkers like Plato Aristotle Descartes and Kant and how it is reflected in more recent developments in theorists as different as Peirce Saussure Wittgenstein Benjamin and Bachelard The conceptual topology of imagination incorporates logic mathematics and science as well as production play and art Recognizing this topology can move us past the confusions to a unifying view of imagination for the future

The Undivided Self David Charles, 2021 Aristotle initiated the systematic investigation of perception the emotions memory desire and action David Charles argues that Aristotle's account of these phenomena is a philosophically live alternative to conventional modern thinking about the mind it offers a way to dissolve rather than solve the mind/body

problem we have inherited **Collective Memory as Currency** Tracy Adams,2024-07-01 Why is the past so dominant in the present This book conceptualizes collective memory as currency a medium of exchange a system in common use and one that is traded between and within nations Bringing together contemporary case studies and multidisciplinary scholarship this volume shows how past events are used and perceived as a commodity and a substantially fungible marketable item produced to satisfy wants or needs their supply or demand being a part of one universal market This book provides readers with a broader understanding of the power of the past in the present Specific past events are incarnated into collective memories that can transform into iconic almost mythical stories that can be employed to help make sense of the present Through evoking constructing and reconstructing selectively highlighting certain aspects or perspectives of prominent past events these collective memories become a significant resource that actors and publics turn to in times of need As currency these memories provide a service As currency they can also relatively easily travel between collectives since it is commonly understood that the past has value in the present and that this value is similarly utilized in various countries around the world **Fandom, Now in Color** Rukmini Pande,2020-12-15 Fandom Now in Color gathers together seemingly contradictory narratives that intersect at the in visibility of race ism in fandom and fan studies This collection engages the problem by undertaking the different tactics of decolonization diversifying methodologies destabilizing canons of must read scholarship by engaging with multiple disciplines making whiteness visible but not the default against which all other kinds of racialization must compete and decentering white fans even in those fandoms where they are the assumed majority These new narratives concern themselves with a broad swath of media from cosplay and comics to tabletop roleplay and video games and fandoms from Jane the Virgin to Japan s K pop scene Fandom Now in Color asserts that no one answer or approach can sufficiently come to grips with the shifting categories of race racism and racial identity Contributors McKenna Boeckner Angie Fazekas Monica Flegel Elizabeth Hornsby Katherine Anderson Howell Carina Lapointe Miranda Ruth Larsen Judith Leggatt Jenni Lehtinen joan miller Swati Moitra Samira Nadkarni Indira Neill Hoch Sam Pack Rukmini Pande Deepa Sivarajan Al Valent n **Child Development: An Active Learning Approach** Laura E. Levine,Joyce Munsch,2010-09-16 Although the field of child and adolescent development seems to be an easy one in which to provide active learning opportunities to students few textbooks currently exist that actually do this
