International Bestseller Habit Building Planner

Amir Shevat

International Bestseller Habit Building Planner:

Wealth Habits Candy Valentino, 2022-11-15 You don't have to be educated or connected to be wealthy. How do wealthy people do it? Are they geniuses? Lucky? We tend to think something special must be going on because it looks like magic. But nothing could be further from the truth. Wealthy people have simply adopted six key yet ordinary habits and they do them extraordinarily well. Candy Valentino opened her first brick and mortar store at 19, no college, no connections, no money, and built it into a seven figure business before most of her friends graduated college. Over two decades of success as a serial entrepreneur and real estate investor, she has labored relentlessly to crack the code of the super wealthy and in doing so has unearthed six simple habits that directly contribute to those who become part of the self-made millionaire class. In *Wealth Habits*, Valentino reveals all six habits and shows you how you can put them to work for you. Long term investing strategies. How to recession proof your business. Ways to keep money out of the IRS hands. What to teach your children about money. How to establish financial protection and security. The secrets to keep more of the money you make so you can invest more. Think and get rich will only get you so far. It's time to do and become wealthy and set yourself up for a lifetime of true financial freedom.

Build the Strength Within Deb Carlin, Deborah Carlin, 2014-09-14 Author presents her program of a series of self assessment exercises and plans of action that individuals can follow to create a layout called Blueprint for a Successfully Intentional Integrated Life™. This step by step process to map and build a master life plan is intended to help individuals maximize their experience to form the best life possible.

Designing Bots Amir Shevat, 2017-05-17 From Facebook Messenger to Kik and from Slack bots to Google Assistant, Amazon Alexa and email bots, the new conversational apps are revolutionizing the way we interact with software. This practical guide shows you how to design and build great conversational experiences and delightful bots that help people be more productive, whether it's for a new consumer service or an enterprise efficiency product. Ideal for designers, product managers and entrepreneurs, this book explores what works and what doesn't in real world bot examples and provides practical design patterns for your bot building toolbox. You'll learn how to use an effective onboarding process, outline different flows, define a bot personality and choose the right balance of rich control and text. Explore different bot use cases and design best practices. Understand bot anatomy such as brand and personality, conversations, advanced UI controls and their associated design patterns. Learn steps for building a Facebook Messenger consumer bot and a Slack business bot. Explore the lessons learned and shared experiences of designers and entrepreneurs who have built bots. Design and prototype your first bot and experiment with user feedback.
