Spotlight Entrepreneurship Roadmap:

The Female Founder Formula: A Real-Life Roadmap to Nailing Entrepreneurship Helen McGuire, 2025-01-24

Take a look in your local bookstore and ask yourself who's been defining business success for decades. This book is here to change the narrative for us all. Most women start businesses motivated by passion or purpose; they are driven to tackle the bigger issues or to provide a better way of life for them and their families. Most business books are written by men; they don't take purpose or lifestyle into account. Having been successful as an entrepreneur while raising a young family over the last decade, Helen McGuire wanted to write the book she wished she'd had when she started out as a female founder with babies, a busy family life, and just an idea. This is an honest, hand-on-heart roadmap that takes a clear-eyed, no-nonsense view of real world biz and life challenges. Upbeat tongue-in-cheek and frank, it's filled with advice, successful strategies, and inspiration for the entrepreneur who wants to get ahead, get real, and get going. _____ Helen McGuire is the founder of two award-winning tech companies and among the 0.5% of women to have successfully had their business acquired. Her second co-founded company is now integrated globally, making the recruitment process more equitable for candidates everywhere. Reiki CBT qualified, she lives in Dubai with her husband, three children, and a cat, and now supports founders to pursue their own success.

New Venture Management Donald F. Kuratko, Jeffrey S. Hornsby, 2020-12-28 The third edition of this practical textbook provides an introduction to the world of new and emerging ventures and to the fundamentals of effective new venture management, including such diverse activities as planning, marketing, financing, and growth. This textbook is divided into four distinct parts, guiding readers through the entire new venture management process and focusing in turn on ideas and opportunities, planning, finance, and management challenges. All chapters of this revised edition feature international cases, and the complete business plan has been replaced with a contemporary version. Other new elements to the third edition include expanded coverage of the Lean Startup methodology, improved focus on the development and importance of teams, a new section on the emergence of equity crowdfunding, further discussion of ethics and the dangers of dramatic scaling. Presented in an easy-to-understand style, this book will be a valuable resource for undergraduate and postgraduate students in entrepreneurship and new venture management classes, as well as active new venture owners and managers. Online resources include an instructor's manual, test bank, PowerPoint slides, and additional materials to aid instructors and students in applying their knowledge.

Introduction to Commercial and Entrepreneurial Recreation John C. Crossley, Lynn Marie Jamieson, 1997

Global Entrepreneurship Nir Kshetri, 2025-06-30 This third edition of a Choice Outstanding Academic Title improves coverage of the global environments in which entrepreneurs operate. In *Global Entrepreneurship Environment and Strategy*, Nir Kshetri explores and illuminates the economic, political, cultural, geographical, and technological environments that affect entrepreneurs as they exploit opportunities and create value in economies around the world. Grounded in theory, the book begins by laying out the concepts, indicators, and measurements that have unique impacts on entrepreneurs in different regions. This framework sets the scene for a close examination of global variations in entrepreneurial ecosystems and finance. Kshetri methodically examines entrepreneurship patterns in diverse economies through the lenses of economic system, political system, culture, and religion, and geography, both by country and continent. All new for this edition, *Global Entrepreneurship* offers case studies at the end of each chapter to illustrate relevant concepts, to encourage broader reflection. Most of the case studies in this edition highlight the role of artificial intelligence in enabling and advancing entrepreneurial activities globally.
