CONTENTS Getting Started Yogurt Facts and Fictions Minimizing Prep Optimizing Output Improving Taste and Texture Adding Natural Flavors Reducing Intolerance Boosting Probiotics Appendix The Non Dairy Option **GETTING STARTED** excerpt Let's handle a few basic questions up front Why eat yogurt It's a tasty food that's both healthful and satisfying It has

all the nutrients of regular milk and more in a form that may be digestible even for those who cannot otherwise tolerate dairy Most yogurt also contains live bacteria that can be beneficial to gut health Why make your own One reason might be saving money The cost of homemade yogurt could be as low as a quarter of the cost of store bought And it s never likely to rise above half even if you splurge on premium milk Another reason might be to avoid commonly added ingredients like thickeners and stabilizers You might also want a specialized yogurt that s hard or impossible to get commercially a yogurt with even richer taste or with lactose more heavily reduced or with greatly strengthened probiotics Why not make your own There are good reasons here too Most home recipes are exacting and time consuming And in the end you may wind up with a product you like less than commercial yogurt with little or no added health benefit I stopped making my own yogurt for years because it didn t seem worth the effort Eventually though my experiments convinced me otherwise and led me to write this book Here I hope to put to rest your reasons against and strengthen your reasons for while also exploring possibilities that might be entirely new to you

SAMPLE Housekeeping has gotten a bad rap Somehow the subject has shrunk to discussions of clutter control and cleaning a bit like when your mom told you to pick up your room But that s the dull part Necessary of course I wrote a book *Smart Housekeeping* that s mostly about getting to a state of order But housekeeping is no more about clutter control than gardening is about weeding Yes you have to do some of both but why stop short of the interesting stuff Housekeeping is making yourself comfortable in your home whatever that takes A lot of housekeeping is about what you do and why you do it after you ve taken care of the obvious chores How do you set up a guest room Unclog a sink Keep garbage odors out of the kitchen Arrange toy storage so that the kids will use it on their own What s the best way to wash a family quilt To be safe on a ladder To choose appliances Housekeeping isn t just housework it s setting the stage for your whole life at home which includes play enjoyment and creativity This book is arranged as an almanac because the more skilled

housekeeping tasks tend to follow the calendar We do what we need to for seasonal celebrations and we try to get the weather on our side when we paint a room air dry a comforter or get the carpets steam cleaned Other tasks and concerns are less linked to the seasons but also don't need to be revisited often once you've arranged things to please yourself So considering them on an annual basis is probably about right You may want to use this book as much as a reference as a read through especially if your seasons are different from mine or even nonexistent Smart Housekeeping featured felted white mice at least on the cover As mice will do they have now taken over the house and are shown throughout this book doing their chores handling household crises and entertaining other small animals And they step out each month enjoying adventures together and just having fun I recommend that for all of us
