Postliterary Attention Theory: Reading, Fragmentation, and Meaning in the Digital Age explores how our ability to read deeply has eroded in an era dominated by feeds, fragments, and dopamine-driven design. Blending literary history, media theory, and cognitive science, Shaikh Afnan Birahim traces the journey from modernist experimentation to TikTok snippets, showing how attention itself has become a cultural battleground. This book is both diagnosis and manifesto: an invitation to reclaim slow reading as an act of resistance and rediscover the joy, intimacy, and meaning that only literature can provide. *Books* T.S. Fantasy Publishing Facts explores the business and social science aspects of the fantasy genre, revealing the economic engines and social dynamics that drive this popular form of entertainment. The book delves into the publishing industry, examining sales data and market trends to understand the financial scale of fantasy literature. It also investigates reader demographics and the influence of social media on readership, providing a comprehensive view of the fantasy ecosystem. A key insight is the demonstration of how the fantasy genre functions as both a creative endeavor and a complex system. The book uses a data-driven approach, integrating economic analysis with social science insights to reveal the interplay between publishers and readers. For instance, author incomes and reader demographics are analyzed alongside social media trends to showcase the economic impact and social influences shaping the genre. The book progresses through four sections: starting with core concepts and methodologies, then analyzing the production side (sales, incomes, publishing houses), followed by an examination of readership demographics, communities, social media, and finally synthesizing these findings to offer practical implications for authors, publishers, and marketers. This multi-dimensional approach makes *Fantasy Publishing Facts* uniquely valuable for anyone seeking a deeper understanding of the fantasy publishing world.
