

Strong Framework Structures

A frame structure is usually made from a combination of beams, columns, and walls. If used in the right way, our shapes can be strong shapes in framework structures.

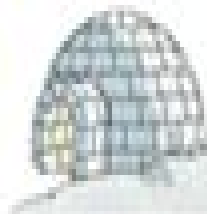

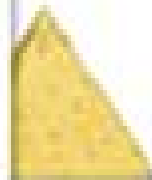

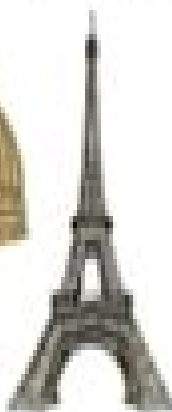

1. Which of these shapes will collapse when you push on it from the inside or easily pressed?

2. Which shape do you think is the strongest?

3. Is there anything we can do to the square structure to make it stronger? What?

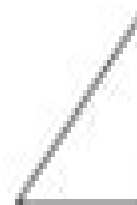

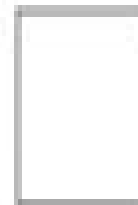

4. What shape does the side when you strengthen the square shape?

What are some strong framework structures? Draw a picture around them.
