The Call Of Character Living A Life Worth Living:

The Call of Character Mari Ruti, 2013-11-12 Should we feel inadequate for failing to be healthy balanced and well adjusted Is such an existential equilibrium realistic or even desirable Condemning our cultural obsession with cheerfulness and positive thinking Mari Ruti calls for a resurrection of character that honors our more eccentric frequencies arguing that sometimes the most tormented and anxiety ridden life can also be the most rewarding Ruti critiques our current search for personal meaning and the pragmatic attempt to normalize human beings unruly and idiosyncratic natures Exposing the tragic banality of a happy life commonly lived she instead emphasizes the advantages of a lopsided life rich in passion and fortitude Ruti shows what counts is not our ability to evade existential uncertainty but to meet adversity in such a way that we do not become irrevocably broken We are in danger of losing the capacity to cope with complexity ambiguity melancholia disorientation and disappointment leaving us feeling less real less connected and unable to metabolize a full range of emotions Heeding the call of our character may mean acknowledging the marginalized chaotic aspects of our being for they carry a great deal of creative energy Ruti shows it is precisely this energy that makes us inimitable and irreplaceable **The Power of the Impossible** Erik S. Roraback, 2018-11-30 The Power of the Impossible surveys cultural figures from Spinoza to popular culture icon Ivan Lendl to illuminate the challenge and problem of establishing a future oriented world community and its conceptual intersection with heterogeneous forms of the creative life This original unorthodox study illuminates our current crises of community formation and creativity in ways unexpected but necessary Robert Appelbaum Uppsala University *Being Possible* Stephen Dozeman, 2020-12-16 In April 2019 Canadian psychologist Jordan B Peterson sat down with Slovenian philosopher and psychoanalyst Slavoj Žižek for a debate that would collect higher ticket prices than the local Toronto Maple Leafs game The debate was considered by many to be something of a dud with both figures largely appearing to talk past each other but to ignore it would be a mistake Instead the fact that a major public event put the Communist vs Capitalist question back into play speaks to larger cultural trends that are occurring an old consensus seems to be bursting at the seams and it is unclear if the center will hold or be moved Taking on the existentialism of Martin Heidegger as their starting point Stephen Dozeman argues that understanding this debate means starting with the individual subject and understanding its increasingly confused and precarious place in a disenchanted world Wandering in between philosophical theory history popular culture and back to philosophy again this book tries to explore why so many feel compelled to call ancient wisdom into question and what it might mean to take responsibility for our lives **Death and Love** Julie Reshe, Todd McGowan, 2025-05-22 Death and Love brings together notable psychoanalytic and philosophical theorists to explore the connection between death and love The book examines how these phenomena shape human existence and relationships challenging the conventional dichotomy between life affirming and death driven dimensions The volume features contributions from international scholars who illustrate these ideas through various lenses including literature film

and theology The chapters consider the role of the death drive in shaping social bonds the transformative power of love beyond individual existence and the notion that both philosophically and psychoanalytically love aligns with the realm of death Death and Love will be essential reading for academics and students of philosophy psychoanalysis existentialism theology and psychology It will also be of interest to psychoanalysts in practice and in training and to all readers wishing to explore this thought provoking topic

Deconstructing Happiness Jordan McKenzie, 2016-03-10 This book offers an original account of the good life in late modernity through a uniquely sociological lens It considers the various ways that social and cultural factors can encourage or impede genuine efforts to live a good life by deconstructing the concepts of happiness and contentment within cultural narratives of the good life While empirical studies have dominated the discourse on happiness in recent decades the emphasis on finding causal and correlational relationships has led to a field of research that arguably lacks a reliable theoretical foundation Deconstructing Happiness offers a step toward developing that foundation by offering characteristically sociological perspectives on the contemporary fascination with happiness and well being In doing so it seeks to understand the good life as a socially mediated experience rather than a purely personal or individually defined way of living The outcome is a book on happiness contentment and the good life that considers the influence of democracy capitalism and progress while also focusing on the more theoretical challenges of self knowledge reason and interaction

Critical Psychotherapy, Psychoanalysis and Counselling D. Loewenthal, 2015-05-19 This book explores what critical means for the talking therapies in a climate of increasing state influence and intervention It looks at theoretical and practical notions of critical from perspectives including queer theory feminism Marxism the psychiatric survivor movement as well as from within counsellor training and education

Feeling Obligated Anne M. Phelan, Melanie D. Janzen, 2023-12-18 Feeling Obligated combines theoretical insights with the first hand experiences of Canadian teachers to illustrate the impact of neoliberalism the installation of market norms into educational and social policies on teachers professional integrity Anne M Phelan and Melanie D Janzen illustrate the miserable conditions in which teachers teach their efforts to navigate and withstand those circumstances and their struggle to respond ethically to students especially those already marginalized economically and socially Exploring how educational policies attempt to recast teachers as skilled clinicians the book revitalizes a conversation about teaching as a vocation wherein the challenge of obligation is of central concern Haunted by what has already happened and threatened by what may yet occur Feeling Obligated foregrounds the challenge of ethical obligation in teaching and makes a strong case for the revitalization of teaching as a vocation involving commitment resolve and trust in a future yet to come

Meaningless Suffering David Goodman, M. Mookie C. Manalili, 2024-03-25 Does suffering have meaning The leading scholars and practitioners in Meaningless Suffering engage with this haunting human question through the lenses of psychoanalytic phenomenological and ethical discourse all the while holding contemporary social concerns in full view The authors seek to find ways of speaking about the lived realities and

historical moments that make up our social narratives from the murder of George Floyd to the bird watching incident in Central Park in order to render visible the entangled forms of the effects of embodiment ideology race social practice and intersectionality Meaningless Suffering is bookended by powerful pieces by Mari Ruti and Homi K Bhabha and in the intervening chapters the reader traverses the ideas of Augustine Judith Butler Fanon Foucault Freud Gendlin Heidegger Lacan Levinas and Wittgenstein to pass through the realms of classical thought affect theory phenomenology linguistic studies relational psychoanalysis somatic studies intersubjectivity theory gender studies critical theory and philosophical hermeneutics This book is essential reading for postgraduate students scholars and practitioners working at the intersection of psychoanalysis race politics and culture as well as students of cultural studies the humanities politics psychology psychosocial studies sociology and social work

The Cinema of the Real Hyon Joo Yoo, 2024-11-01 A significant intervention into Lacanian film studies this book sets forth a new theory of the psychoanalytic Real in cinema In psychoanalysis the Real ruptures the Symbolic that organizes law ideology and other systems of belief revealing fissures in this underlying order The Cinema of the Real explores how transnational cinema and especially South Korean cinema facilitate an encounter with the Real enabling the emergence of a new political subject Paying close attention to form Hyon Joo Yoo reveals the existence of an emancipatory drive in films by Jang Hun Park Chan wook Lee Chang dong Jia Zhangke Michael Haneke Claire Denis and Bong Joon ho among others Their work in effect provides viewers with a picture of how it looks and feels to be on a trajectory in which the subject and her world can change Far from being a passive consumer of images Yoo's spectator enters the space of the Real Theoretically rigorous and inventive The Cinema of the Real offers new transnationally attuned tools for conceptualizing the body affect femininity and spectatorship as well as fresh readings of both classic and contemporary films

Pure Excess Todd McGowan, 2024-12-31 Todd McGowan forges a new theory of capitalism as a system based on the production of more than what we need pure excess He argues that the promise of more more wealth more enjoyment more opportunity without requiring any sacrifice is the essence of capitalism Previous socioeconomic systems set up some form of the social good as their focus Capitalism however represents a revolutionary turn away from the good and the useful toward excessive growth which now threatens the habitability of the planet Drawing on psychoanalytic theory McGowan shows how the production of commodities explains the role of excess in the workings of capitalism Capitalism and the commodity ensnare us with the image of the constant fulfillment of our desires the seductive but unattainable promise of satisfying a longing that has no end To challenge this system McGowan turns to art arguing that it can expose the psychological mechanisms that perpetuate capitalist society and reveal the need for limits Featuring lively writing and engaging examples from film literature and popular culture Pure Excess uncovers the hidden logic of capitalism and helps us envision a noncapitalist life in a noncapitalist society
