The City Kid And The Suburb Kid:

The City Kid & the Suburb Kid Deb Pilutti, 2008 Two cousins one from the city and one from the suburbs spend a day and a night together at each other's house and decide that each likes his own home better **Ecologies of Affect** Tonya K. Davidson, Ondine Park, Rob Shields, 2013-06-01 *Ecologies of Affect* offers a synthetic introduction to the felt dynamics of cities and the character of places The contributors capture the significance of affects including desire nostalgia memory and hope in forming the identity and tone of places The critical intervention this collection of essays makes is an active consistent engagement with the virtualities that produce and refract our idealized attachments to place Contributors show how place images and attempts to build communities are rather than abstractions fundamentally tied to and revolve around such intangibles We understand nostalgia desire and hope as virtual that is even though they are not material they are nevertheless real and must be accounted for In this book the authors take up affect emotion and emplacement and consider them in relation to one another and how they work to produce and are produced by certain temporal and spatial dimensions The aim of the book is to inspire readers to consider space and place beyond their material properties and attend to the imaginary places and ideals that underpin and produce material places and social spaces This collection will be useful to practitioners and students seeking to understand the power of affect and the importance of virtualities within contemporary societies where intangible goods have taken on an increasing value **Roll with the Times, or the Times Roll Over You** Beth R. Bernhardt, Leah H. Hinds, Katina P. Strauch, 2017-10-15 Over one hundred presentations from the 36th annual Charleston Library Conference held November 1-5 2016 are included in this annual proceedings volume Major themes of the meeting included data visualization streaming video analysis and assessment demand driven acquisition and open access publishing While the Charleston meeting remains a core one for acquisitions librarians in dialog with publishers and vendors the breadth of coverage of this volume reflects the fact that this conference is now one of the major venues for leaders in the publishing and library communities to shape strategy and prepare for the future Almost 2 000 delegates attended the 2016 meeting ranging from the staff of small public library systems to the CEOs of major corporations This fully indexed copyedited volume provides a rich source for the latest evidence based research and lessons from practice in a range of information science fields Contributors comprise leaders in the library publishing and vendor communities **Row House Days** Jack Myers, 2005-03 Fictionalized memoir which explores the dynamics of being raised in a declining Southwest Philadelphia neighborhood Pint sized and four eyed little Jimmy Morris is near the bottom of the food chain in his working class streetcar suburb of Kings Cross He's a dreamer schemer schoolyard scrapper secret lover of books and classroom clown a kid you can't decide whether to hug or to slap Meanwhile the conformity of the 1950s is yielding to those turbulent 60s Yes the times they definitely were a changin with Kings Cross in the eye of the societal storm **Ping-Pong Diplomacy** Nicholas Griffin, 2014-01-02 It was one of the most significant developments of the post war era China finally abandoning its

close relationship with the Soviet Union to begin detente with the USA Astonishingly the man who helped make it happen was a British aristocrat Ivor Montagu a Soviet spy who knew Stalin and dined with Trotsky Even more remarkably the means to this rapprochement was table tennis a sport loved by both Chairman Mao and Montagu For years Montagu had lived a dual life working to spread communism and also table tennis around the world Surprisingly the two strands of his career would come together in an event of global significance Nicholas Griffin weaves a compelling story to reveal the background to the famous occasion in 1971 when the USA's Glenn Cowan a 19 year old hippie befriended China's world champion Zhuang Zedong who was imprisoned during the Cultural Revolution Within days the Americans would be playing the Chinese in front of 18 000 fans in Beijing with the whole world watching It was the beginning of a thaw in Sino US relations that forced the Soviets into a crippling arms race that acted as a catalyst to pressuring them into errors that would draw the Cold War to an end Sometimes sport truly can have the biggest consequences

The Responsive Community, 1996 *Sex and the City and Us* Jennifer Keishin

Armstrong,2019-05-07 The bestselling author of Seinfeldia offers a fascinating retrospective of the iconic and award winning television series Sex and the City in a bubbly yet fierce cultural dissection of the groundbreaking show Chicago Tribune This is the story of how a columnist two gay men and a writers room full of women used their own poignant hilarious and humiliating stories to launch a cultural phenomenon They endured shock slut shaming and a slew of nasty reviews on their way to eventual if still often begrudging respect The show wasn't perfect but it revolutionized television for women When Candace Bushnell began writing for the New York Observer she didn't think anyone beyond the Upper East Side would care about her adventures among the Hamptons hopping media elite But her struggles with singlehood struck a chord Beverly Hills 90210 creator Darren Star brought her vision to an even wider audience when he adapted the column for HBO Carrie Miranda Charlotte and Samantha launched a barrage of trends forever branded the actresses that took on the roles redefined women's relationship to sex and elevated the perception of singlehood Featuring exclusive new interviews with the cast and writers including star Sarah Jessica Parker creator Darren Star executive producer Michael Patrick King and author Candace Bushnell Jennifer Keishin Armstrong brings readers inside the writers room and into the scribes lives The writing is fizzy and funny but she still manages an in depth look at a show that's been analyzed for decades giving readers a retrospective as enjoyable as a 20 pink cocktail The Washington Post Sex and the City and Us is both a critical and nostalgic behind the scenes look at a television series that changed the way women see themselves
