The Collision of Two Civilisations Alain Peyrefitte,1993 Side the newly discovered secret reports of the Emperor s officials all personally annotated by the Emperor himself Peyrefitte is able to tell this remarkable story from both sides and from multiple perspectives on each side Superbly translated by Jon Rothschild The Immobile Empire is history at its most gripping and entertaining Muscovy and the Mongols Donald Ostrowski,2002-06-20 The importance of the Mongols impact on the Rus lands has been recognised by many scholars but its precise nature and extent is very contentious While diverse opinions exist on the origins and development of Muscovy the author argues that no society arises ex nihilo and that Muscovy is no exception In this 1998 book Donald Ostrowski considers the outside origins and influences as well as indigenous origins and development in order that the reader may gain a clearer understanding of Muscovy as a political entity its political institutions and political culture He shows that during the early period of Muscovy 1304 1448 the ecclesiastical and secular institutions were affected by two different outside influences Byzantium and the Qipchaq Khanate respectively In considering these outside influences he has set out to study Muscovy as an integral and important part of world history **Sovereignty and Status in East Asian International Relations** Seo-Hyun Park,2017-05-11 This book shows how historical experiences have affected East Asian security debates as reflected in enduring concerns with sovereign autonomy The Confucian-legalist State Dingxin Zhao,2015 The Confucian Legalist State proposes a new theory of social change and in doing so analyzes the patterns of Chinese history such as the rise and persistence of a unified empire the continuous domination of Confucianism and China s inability to develop industrial capitalism without Western imperialism

Legal Issues of Inter-Korean Economic Cooperation under the Armistice System Eric Yong-Joong Lee,2002-09-01 This unique work examines the highly topical national and international legal issues of economic cooperation between North and South Korea under the current divided situation In recent years the relationship between the two Koreas has been generating more concern than in earlier times This new interest has been followed by two epoch making developments over the past decade the conclusion of the Basic Agreement of 1991 and the Declaration of the North South Summit of 2000 These events have caused remarkable changes in political as well as economic relations between the north and the south This book reviews the current legal regime and the setting up of a positive legal framework for inter Korean economic cooperation beginning to be regulated by international law This research provides two ultimate outcomes One is to resolve the legal problems for transnational economic cooperation relating to North and South Korea the other is to develop a juridical model of south north cooperation as a new world economic framework for the 21st century Three interrelated areas are involved in this work The first part describes the external environmental factors regarding inter Korean economic cooperation from an international legal perspective The second part deals with the legal framework of inter Korean economic cooperation examining concrete issues arising from practical economic exchanges and cooperation between the two Koreas The last part

discusses the legal foundations for inter Korean economic integration beyond economic cooperation This book clarifies the significance of the legal environment as an indispensable servant for the parts of a divided country to recover their relationship offering both a normative and practical framework **The East-West Dichotomy** Thorsten J.
