All the Colors of Life Shirley J. Wenrich, 2013-02-15 There have been many qualities obtained over the years including work and positions of leadership in several nonprofit organizations Also a deep interest in color and design ranging from the ownership in two art shops that bridged the gap between art gallery and a craft shop with quality and variety This led to set design for a local theater and interior design that I love However the greatest achievement besides raising four children was my participation in the Harmonic Convergence This took place in 1987 and the best place to be was the only sacred site east of the Mississippi at the Serpent Mounds in Ohio Since I needed an active part I was The Hug Lady and met people from all over the world Whatever we did it helped because the Berlin Wall came down within three years and it was the beginning of the end of Communism I enjoy anything I can do to help others

Summary of Michael Newton's Destiny of Souls Everest Media,2022-04-17T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 After death our soul rises up out of its host body If the soul is older and has experience from many past lives it knows immediately that it has been set free and is going home The energy of the soul is able to divide into identical parts similar to a hologram 2 Orientation periods with our guides which take place before joining our cluster group vary between souls and between different lives for the same soul The meeting may be long or short depending on the circumstances of what we did or did not accomplish with regard to our life contract 3 The welcoming committee waits until the returning soul actually returns to their spirit group The group may be isolated in a classroom gathered around the steps of a temple or sitting in a garden 4 The spirit world is not hierarchical but rather it is filled with kindness tolerance and absolute love There is far more order than corruption and no one is treated differently based on their status
