The Centurions Empire:

The Centurion's Empire Sean McMullen, 2025-10-16 Winner of the Aurealis Award In the year that Mount Vesuvius destroyed Pompeii the Roman Centurion Vitellian set off for the twenty first century as Imperial Rome's last human powered time machine He killed an unfaithful lover by just letting her grow old but her hate pursued him across seven centuries In 1358 he stood with a few dozen knights against an army of nine thousand to defend the life of a beautiful countess and earned a love that would conquer death Now Vitellian has awakened in the twenty first century a bewildered fugitive betrayed and hunted in a world where minds and bodies are swapped and memories are bought sold and read like books But worst of all a deadly enemy from the fourteenth century is still very much alive and closing in At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied

nothing but his own ambitions Head of the garrison near Galilee he has been assigned by Palestine s governor to ferret out the truth behind rumors of a political execution gone awry Leah s mistress the governor s wife secretly commissions Leah also to discover what really has become of this man whose death and missing body is causing such furor This epic drama is threaded with the tale of an unlikely romance and framed with dangers and betrayals from unexpected sources At its core The Centurion s Wife unfolds the testing of loyalties between two young people whose inner searchings they cannot express between their irreconcilable heritages and ultimately between their humanity and the Divine they yearn to encounter
