The Children Of The New Forest:

The Children of the New Forest Frederick Marryat, 2023-11-16 Frederick Marryat's *The Children of the New Forest* is a classic historical novel set during the English Civil War. The story follows the four orphaned children of a Royalist who must learn to survive in the New Forest after their home is destroyed. Marryat's vivid descriptions bring the forest to life while the children's adventures and eventual reunification with their grandfather provide a heartwarming and uplifting narrative. The novel's simple yet engaging prose makes it a timeless and beloved work of children's literature. Marryat masterfully intertwines historical events with fictional characters to create a compelling story that captures the imagination of readers of all ages. *The Children of the New Forest* is a must read for those interested in historical fiction and tales of resilience and family bonds.

The Children of the New Forest Captain Marryat, 2008-09-29 The Children of Colonel Beverley, a Cavalier officer killed at the Battle of Naseby, are believed to have died in the flames when their house is burned by soldiers. However, they escape and are raised by Jacob Armitage, a gamekeeper in his cottage in the New Forest. The children adapt from an aristocratic lifestyle to that of simple cottagers who are concealed as the grandchildren of Armitage. After Armitage's death, Edward Beverley leaves and works for the Sympathetic Puritan. He then joins the army of the future King Charles II and, after the Royalist defeat at the Battle of Worcester, he escapes to France and lives in exile until the Restoration. His siblings continue to live in the New Forest and they are reunited on the King's return.

The Children of the New Forest Frederick Marryat, 1847 Michael Rosen, 2014-07-01 A classic tale of historical adventure to be enjoyed by children and adults alike, set against the turbulent background of the English Civil War as well as a charming coming-of-age story. It was in the month of November in this year that King Charles, accompanied by Sir John Berkely Ashburnham and Legg, made his escape from Hampton Court and rode as fast as the horses could carry them toward that part of Hampshire which led to the New Forest. It is 1647. Charles I has been defeated in the civil war but has escaped captivity and is making for France. Parliamentary soldiers searching the New Forest decide to burn the house of Colonel Beverley, a royalist officer killed at the Battle of Naseby. His four children are rescued by their father's gamekeeper Jacob, who takes them in. The children gradually shed their aristocratic sensibilities and adapt to the simple ways of the forest, working Jacob's farmstead and befriending other inhabitants of the woodland. But when Charles II raises an army and the specter of war returns to haunt the Beverley children, they realize they cannot hide from their true identity.
