Before the Civil Rights Revolution John Braeman, 1988-05-13 There is a broad consensus that 1937 marked a turning point in the history of the Supreme Court This is the first comprehensive treatment of the Court's decision making in the civil liberties civil rights sphere in the years preceding that watershed Professor Braeman refutes the widely held assumption that the post 1937 justices were writing upon a largely blank slate in dealing with civil liberties civil rights issues arguing instead that much of what the Modern Court has done when viewed in a long term perspective appears as incremental expansions of precedents laid down by the Old Court

The Struggle for the People's King Hajar Yazdiha, 2023-05-30 How the misuses of Martin Luther King's legacy divide us and undermine democracy In the post civil rights era wide ranging groups have made civil rights claims that echo those made by Black civil rights activists of the 1960s from people with disabilities to women's rights activists and LGBTQ coalitions Increasingly since the 1980s white right wing social movements from family values coalitions to the alt right now claim the collective memory of civil rights to portray themselves as the newly oppressed minorities The Struggle for the People's King reveals how as these powerful groups remake collective memory toward competing political ends they generate offshoots of remembrance that distort history and threaten the very foundations of multicultural democracy In the revisionist memories of white conservatives gun rights activists are the new Rosa Parks antiabortion activists are freedom riders and antigay groups are the defenders of Martin Luther King's Christian vision Drawing on a wealth of evidence ranging from newspaper articles and organizational documents to television transcripts press releases and focus groups Hajar Yazdiha documents the consequential reimagining of the civil rights movement in American political culture from 1980 to today She shows how the public memory of King and civil rights has transformed into a vacated sanitized collective memory that evades social reality and perpetuates racial inequality Powerful and persuasive The Struggle for the People's King demonstrates that these oppositional uses of memory fracture our collective understanding of who we are how we got here and where we go next

Longhurst,2010 A telling look at the lives and strategies of women environmental activists in the long 1960s solidly grounded in a national context **The Ocean-Hill Brownsville Conflict** Glen Anthony Harris,2012-01-01 The history of Black Jewish

relations from the beginning of the twentieth century shows that while they were sometimes partners of convenience there was also a deep suspicion of each other that broke out into frequent public exchanges During the twentieth century the entanglements of both groups have at times provided an important impetus for social justice in the United States and at other times have been the cause of great tension The Ocean Hill Brownsville Conflict explores this fraught relationship which is evident in the intellectual lives of these communities The tension was as apparent in the life and works of Marcus Garvey Richard Wright and James Baldwin as it was in the exchanges between blacks and Jews in intellectual periodicals and journals in the 1940s 1950s and 1960s The Ocean Hill Brownsville conflict was rooted in this tension and the longstanding differences over community control of school districts and racial preferences *Fidelity to Our Imperfect Constitution* James E. Fleming,2015 James E Fleming argues that fidelity in interpreting the US Constitution as written requires a moral reading or philosophic approach and that fidelity commits to honouring aspirational principles not following the relatively specific original meanings or original expected applications of the founders **The Rights Revolution** Samuel Walker,1998 Walker
