The Cambridge Companion To Utopian Literature Cambridge Companions To Literature:

The Cambridge Companion to Utopian Literature Gregory Claeys, 2010-08-05 Since the publication of Thomas More's genre defining work *Utopia* in 1516 the field of utopian literature has evolved into an ever expanding domain This Companion presents an extensive historical survey of the development of utopianism from the publication of *Utopia* to today's dark and despairing tendency towards dystopian pessimism epitomised by works such as George Orwell's *Nineteen Eighty Four* and Margaret Atwood's *The Handmaid's Tale* Chapters address the difficult definition of the concept of utopia and consider its relation to science fiction and other literary genres The volume takes an innovative approach to the major themes predominating within the utopian and dystopian literary tradition including feminism romance and ecology and explores in detail the vexed question of the purportedly western nature of the concept of utopia The reader is provided with a balanced overview of the evolution and current state of a long standing rich tradition of historical political and literary scholarship

The Cambridge Companion to Utopian Literature Gregory Claeys, 2010 **The Cambridge Companion to Utopian Literature** Gregory Claeys, 2012 **The Cambridge Companion to American Utopian Literature and Culture since 1945** Sherryl Vint, 2024-05-16 Providing a comprehensive overview of American thought in the period following World War II after which the US became a global military and economic leader this book explores the origins of American utopianism and provides a trenchant critique from the point of view of those left out of the hegemonic ideal Centring the voices of those oppressed by or omitted from the consumerist American Dream this book celebrates alternative ways of thinking about how to create a better world through daily practices of generosity justice and care The chapters collected here emphasize utopianism as a practice of social transformation not as a literary genre depicting a putatively perfect society and urgently make the case for why we need utopian thought today With chapters on climate change economic justice technology and more alongside chapters exploring utopian traditions outside Western frameworks this book opens a new discussion in utopian thought and theory

Utopias of the Third Kind Vandana Singh, 2022-03-22 Arctic Sky tells of a young climate activist who discovers her own courage in the frozen depths of a Russian prison Palimpsest is set on a bionic living space station that launches explorers into the farthest reaches of Time and Space In *The Room on the Roof* an ancient culture meets modern mysteries with unexpected results Our non fiction title piece *Utopias of the Third Kind* is a first look at actual utopias that are responding to our looming dystopian nightmare *Hunger* is a short story that finds both understanding and forgiveness for humankind's original sin Our Outspoken Interview and a bibliography round out this new collection

The Cambridge Companion to English Literature, 1830-1914 Joanne Shattock, 2010-01-28 A volume of essays on Victorian themes genres and authors aimed at students and lecturers

The Routledge Handbook of Australian Indigenous Peoples and Futures Bronwyn Carlson, Madi Day, Sandy O'Sullivan, Tristan Kennedy, 2023-09-19 Providing an international reference work written solely by Aboriginal and Torres Strait Islander authors this book offers a powerful

overview of emergent and topical research in the field of global Indigenous studies It addresses current concerns of Australian Indigenous peoples of today and explores opportunities to develop and support the development of Indigenous resilience and solidarity to create a fairer safer more inclusive future Divided into three sections this book explores What futures for Aboriginal and or Torres Strait Islander peoples might look like and how institutions structures and systems can be transformed to such a future The complexity of Aboriginal and Torres Strait Island life and identity and the possibilities for Australian Indigenous futures and The many and varied ways in which Aboriginal and Torres Strait Islander peoples use technology and how it is transforming their lives This book documents a turning point in global Indigenous history the disintermediation of Indigenous voices and the promotion of opportunities for Indigenous peoples to map their own futures It is a valuable resource for students and scholars of Indigenous studies as well as gender and sexuality studies education studies ethnicity and identity studies and decolonising development studies Emerging Subjectivity in the Long

19th-Century Middle East Stephan Guth, 2024-06-04 This volume revisits the long 19th century in the Middle East from the perspective of emerging subjectivity as a fundamentally new attitude of the individual vis vis the World Stephan Guth s holistic vision interprets emerging subjectivity as the key operator at the heart of the many aspects of the so called Arab ic Renaissance and corresponding movements in Turkish like rationalism critical analysis political emancipation reformism moralism and emotionalism but also a new language new genres and new concepts Guth s thoroughly philological approach demonstrates how a close reading of literary texts from the period a cultural psychological interpretation of linguistic phenomena and an etymology informed look into conceptual terminology can contribute to a deeper understanding of what modernisation actually meant deep inside the human beings mind and psyche in their meeting with a rapidly changing world Twenty essays on language literature and key concepts reflect the author s life long engagement with the culture of the period in question The articles are glued together by a guiding narrative that assigns each treated aspect its place in the author s vision which includes a global perspective **The Palgrave Encyclopedia of the Possible** Vlad Petre

Glăveanu, 2023-01-25 The Palgrave Encyclopedia of the Possible represents a comprehensive resource for researchers and practitioners interested in an emerging multidisciplinary area within psychology and the social sciences the study of how we engage with and cultivate the possible within self society and culture Far from being opposed either to the actual or the real the possible engages with concrete facts and experiences with the result of transforming them This encyclopedia examines the notion of the possible and the concepts associated with it from standpoints within psychology philosophy sociology neuroscience and logic as well as multidisciplinary fields of research including anticipation studies future studies complexity theory and creativity research Presenting multiple perspectives on the possible the authors consider the distinct social cultural and psychological processes e g imagination counterfactual thinking wonder play inspiration and many others that define our engagement with new possibilities in domains as diverse as the arts design and business *Ruin Porn and the*

Obsession with Decay Siobhan Lyons, 2018-07-03 This collection is the first book to comprehensively analyse the relatively new and under researched phenomenon of ruin porn. Featuring a diverse collection of chapters, the authors in this work examine the relevance of contemporary ruin and its relationship to photography, media, architecture, culture, history, economics and politics. This work investigates the often ambiguous relationship that society has with contemporary ruins around the world, challenging the notions of authenticity that are frequently associated with images of decay. With case studies that discuss various places and topics including Detroit, Chernobyl, Pitcairn Island, post-apocalyptic media, online communities and urban explorers, among many other topics, this collection illustrates the nuances of ruin porn that are fundamental to an understanding of humanity's place in the overarching narrative of history.
