Bennett, 2015-10-29 Michael Y Bennett s accessible Introduction explains the complex multidimensional nature of the works and writers associated with the absurd a label placed upon a number of writers who revolted against traditional theatre and literature in both similar and widely different ways Setting the movement in its historical intellectual and cultural contexts Bennett provides an in depth overview of absurdism and its key figures in theatre and literature from Samuel Beckett and Harold Pinter to Tom Stoppard Chapters reveal the movement s origins development and present day influence upon popular culture around the world employing the latest research to this often challenging area of study in a balanced and authoritative approach Essential reading for students of literature and theatre this book provides the necessary tools to interpret and develop the study of a movement associated with some of the twentieth century s greatest and most influential cultural figures **The Cambridge Introduction to French Literature** Brian Nelson, 2015-06-11 An engaging highly accessible and informative introduction to French literature from the Middle Ages to the present [The Cambridge Introduction to Literature and Philosophy](#) Anthony J. Cascardi, 2014-02-17 Literature and philosophy have long shared an interest in questions of truth value and form And yet from ancient times to the present they have often sharply diverged both in their approach to these questions and in their relationship to one another Moreover the vast differences among individual writers historical periods and languages pose challenges for anyone wishing to understand the relationship between them This Introduction provides a synthetic and original guide to this vast terrain It uncovers the deep interests that literature and philosophy share while offering a lucid account of their differences It sheds new light on many standing debates and offers students and scholars of literary criticism literary theory and philosophy a chance to think freshly about questions that have preoccupied the Western tradition from its very beginnings up until the present **The Cambridge Introduction to Gabriel García Márquez** Gerald Martin, 2012-04-26 A concise comprehensive and original introduction to the fiction and journalism of Gabriel Garc a M rquez **The Cambridge Introduction to American Literary Realism** Phillip J. Barrish, 2011-10-06 Between the Civil War and the First World War realism was the most

prominent form of American fiction Realist writers of the period include some of America's greatest such as Henry James Edith Wharton and Mark Twain but also many lesser known writers whose work still speaks to us today for instance Charles Chesnutt Zitkala-a and Sarah Orne Jewett Emphasizing realism's historical context this introduction traces the genre's relationship with powerful often violent social conflicts involving race gender class and national origin It also examines how the realist style was created the necessarily ambiguous relationship between realism produced on the page and reality outside the book and the different often contradictory forms realism took in literary works by different authors The most accessible yet sophisticated account of American literary realism currently available this volume will be of great value to students teachers and readers of the American novel

From the Tourist's Gaze Pietro Agnoletto, 2025-06-27 From the Tourist's Gaze bridges environmental humanities and amateur cinema studies exploring tourism induced environmental issues through the visual representations created by tourists themselves The protagonists of the book are families from North West Italy and their holiday films captured during their holidays in the Ligurian Riviera The timeframe spans between the 1950s and 1970s the so called Italian economic miracle a period in which Italy experienced an extraordinary and rapid economic growth and consequentially a rise in living standards including tourism and film cameras accessibility Radical environmental transformations such as the industrialization and cementing of spaces or the conversion of entire coastlines into territories equipped to receive masses of tourists were just one of the consequences studied from a myriad of sources but never through amateur films The most illustrative case is the Ligurian Riviera which has been regarded as an example of land consumption since those contemporary years Despite being centered on a specific case study readers will be equipped with practical tools to enhance their study of historical amateur films These tools are introduced through innovative methodological approaches to archival research and visual analysis The results will highlight the visual imagery of mid 20th century tourists and their perspectives on the destinations they visited offering fresh visually oriented insights that contribute to the field of tourism studies As a visual journey through mid 20th century Italian tourism and its environmental narratives it may interest cultural geographers tourism and media scholars and the broader group of environmental humanists the latter will have the opportunity to explore amateur cinema as an untapped resource for understanding cultural narratives while amateur cinema scholars will have an example of a fresh and different approach to their subject It can also give new insights to archivists specialized in home movies and be appealing to scholars and intellectuals interested in these topics
