The Care And Management Of Lies A Novel Of The Great War:

The Care and Management of Lies Jacqueline Winspear, 2014-07-01 By July 1914 the ties between Kezia Marchant and Thea Brissenden friends since girlhood have become strained by Thea's passionate embrace of women's suffrage and by the imminent marriage of Kezia to Thea's brother Tom who runs the family farm Yet when Tom enlists to fight for his country and Thea is drawn reluctantly onto the battlefield the farm becomes Kezia's responsibility Each must find a way to endure the ensuing cataclysm and turmoil But will well intended lies and self deception be of use when they come face to face with the enemy Variations of the Hero's Journey in Contemporary British, French and Australian Picture Books about the Great War

War Martin C. Kerby, Denise Burkhard, Alison Bedford, Marion Gymnich, Margaret M. Baguley, 2025-09-30 This book is grounded in the belief that every nation had its own Great War and that children's picture books are an important barometer of each country's national approach To explore the depiction of the Great War in modern Australian British and French children's picture books where this historical event is reimagined in different ways as a futile conflict as a painful victory and as part of one country's founding mythology this book uses the concept of the hero's journey as an underlying framework It claims that this monomythic pattern as developed by Joseph Campbell and modified by Christopher Vogler not only informs all picture books selected for this project but can also be used to highlight the extent to which modern children's picture book authors and illustrators conform to their respective nation's cultural memory It further maintains that the specific historical context of the Great War in these children's picture books can be used to identify a variant of the hero's journey the ordinary soldier's journey This analysis of children's picture books about the Great War through the lens of Campbell's hero's journey will be of interest to both students and researchers in the fields of children's literature literary theory history cultural studies and education *Maisie Dobbs* Jacqueline Winspear, 2003-07-01 A female investigator every bit as brainy and battle hardened as Lisbeth Salander Maureen Corrigan NPR's Fresh Air on Maisie Dobbs Maisie Dobbs got her start as a maid in an aristocratic London household when she was thirteen Her employer suffragette Lady Rowan Compton soon became her patron taking the remarkably bright youngster under her wing Lady Rowan's friend Maurice Blanche often retained as an investigator by the European elite recognized Maisie's intuitive gifts and helped her earn admission to the prestigious Girton College in Cambridge where Maisie planned to complete her education The outbreak of war changed everything Maisie trained as a nurse then left for France to serve at the Front where she found and lost an important part of herself Ten years after the Armistice in the spring of 1929 Maisie sets out on her own as a private investigator one who has learned that coincidences are meaningful and truth elusive Her very first case involves suspected infidelity but reveals something very different In the aftermath of the Great War a former officer has founded a working farm known as The Retreat that acts as a convalescent refuge for ex soldiers too shattered to resume normal life When Fate brings Maisie a second case involving The Retreat she must finally confront the ghost that has haunted her for over a decade *Talking Book Topics*, 2015-05
