The walls are light-colored and appear aged. The entire scene is framed by a large, dark, arched opening, possibly a doorway or a large window. Motives of Honor, Pleasure, and Profit Lorena S. Walsh, 2012-12-01 Lorena Walsh offers an enlightening history of plantation management in the Chesapeake colonies of Virginia and Maryland ranging from the founding of Jamestown to the close of the Seven Years War and the end of the Golden Age of colonial Chesapeake agriculture Walsh focuses on the operation of more than thirty individual plantations and on the decisions that large planters made about how they would run their farms She argues that in the mid seventeenth century Chesapeake planter elites deliberately chose to embrace slavery Prior to 1763 the primary reason for large planters debt was their purchase of capital assets especially slaves early in their careers In the later stages of their careers chronic indebtedness was rare Walsh s narrative incorporates stories about the planters themselves including family dynamics and relationships with enslaved workers Accounts of personal and family fortunes among the privileged minority and the less well documented accounts of the suffering resistance and occasional minor victories of the enslaved workers add a personal dimension to more concrete measures of planter success or failure

archaeological study of Mount Vernon Levy also derives fascinating insights about how slavery changed and was debated at Washington's famous home Levy considers the fates of Washington statues and commemorations to understand how they have functioned as objects of veneration and sometimes vandalism for more than a century and a half Two hundred years after his death at the sites of his many abodes Washington remains an inescapable presence The Permanent Resident guides us through the places where Washington lived and in which Americans have memorialized him speaking to issues that have defined and challenged America from his time to our own

This Is Our Home Whitney Nell Stewart,2023-11-06 The cultural memory of plantations in the Old South has long been clouded by myth A recent reckoning

with the centrality of slavery to the US national story however has shifted the meaning of these sites Plantations are no longer simply seen as places of beauty and grandiose hospitality their reality as spaces of enslavement exploitation and violence is increasingly at the forefront of our scholarly and public narratives Yet even this reckoning obscures what these sites meant to so many forced to live and labor on them plantations were Black homes as much as white Insightfully reading the built environment of plantations considering artifact fragments found in excavations of slave dwellings and drawing on legal records and plantation owners papers Whitney Nell Stewart illuminates how enslaved people struggled to make home amid innumerable constraints and obstacles imposed by white southerners By exploring the material remnants of the past Stewart demonstrates how homemaking was a crucial part of the battle over slavery and freedom a fight that continues today in consequential confrontations over who has the right to call this nation home
