The Chess Legacy Of Jose Raoul Capablanca Last Lectures:

Last Lectures José Raúl Capablanca, 1966 **Last Lectures the Chess Legacy of Jose Raoul Capablanca** Jose Raoul Capablanca, Olga Capablanca Clark, 2016-03-12 Last Lectures is as the name suggests a series of lectures given over the radio by former World Chess Champion Jose Raul Capablanca just a few months before he died While he was preparing these lectures he dictated them to his wife Olga Capablanca who typed them As a result we have them today Perhaps more than any other player in the history of chess Jose Raoul Capablanca was noted for his ability to cut through the complexities of modern chess theory and find the winning line in grandmaster tournament play Capablanca was often called the greatest natural chess player of all time His clarity of vision his simplicity and precision of style were legendary Here in these twelve lectures originally delivered by short wave radio to a Latin American audience shortly before his death in 1942 the qualities that made Capablanca one of the game s uniquely great masters are reflected in a timeless legacy of chess wisdom His observations on the fundamental principles of sound chess thinking are expressed so clearly and simply that a novice can follow them yet they touch on such profoundly important underlying themes that the most advanced player will benefit by absorbing them In fact these lectures reveal that much of Capablanca s supposedly instinctive genius for unraveling highly complex situations over the board consisted of a deeper and sounder understanding of the basic principles of endgame strategy and the ability to see the endgame structure foreshadowed during the tactical maneuvering of the middle game than that possessed by any other player of his time Last Lectures contains Capablanca s chess instinct preserved for a later generation Over and over again he stresses the vital importance of knowing how to play the endings He gives simple rules of proper endgame play many of which he says are often overlooked by top flight masters He shows how to recognize the winning elements of the commonest endings Rook and Pawn Bishop vs Knight He gives his analysis of the relative value of the pieces Even in this era of exhaustive analysis of the openings there is wisdom and profit to be gained from his chapter on the Ruy Lopez Perhaps the greatest pleasure for the modern player whether he is a beginner or an expert in reading Last Lectures will come from Capablanca s lively anecdotes and strongly expressed opinions about his contemporaries Using their play as examples for his observations on universal chess truths Capablanca rates and sometimes rakes Morphy Steinitz Emanuel Lasker Nimzovich Alekhine Reshevsky Frank Marshall and other chess immortals Last Lectures will enrich the play as well as the library of all chess enthusiasts *Jose Raul Capablanca* Miguel A. Sánchez, 2015-07-11 This is the most complete and thorough biography of Jose Raul Capablanca one of the greatest players in the history of chess Beginning with his family background birth childhood and introduction to the game in Cuba it examines his life and play as a young man follows his evolution as a player and rise to prominence first as challenger and then world champion his loss of the title to Alekhine and his efforts to recapture the championship in the last years of his too short life What emerges is a portrait of a complex man with far ranging interests and concerns in stark contrast to his robotic reputation as the chess machine

Meticulously researched utilizing many sources available only in Capablanca's home country it puts truth to legend regarding a man who stood astride the chess world in one of its most dynamic and dramatic eras Numerous games and diagrams complement the text as do a wealth of photographs Chess Life ,1965 **Chess Life & Review** ,1966 **Capablanca's Last Chess Lectures** José Raúl Capablanca,1967 **The Bookseller** ,1967 Vols for 1871-76 1913-14 include an extra number The Christmas bookseller separately paged and not included in the consecutive numbering of the regular series *Book Review Index* ,1985 Every 3rd issue is a quarterly cumulation *The Publishers' Trade List Annual* ,1978 **Last Lectures** José Raúl Capablanca,1969
