The Christian Heritage Problems And Prospects:

The Christian Heritage George Anastaplo, 2010-03-16 The Christian Heritage Problems and Prospects delves into the history of the western Christian heritage Challenges to the Christian heritage a heritage nourished both by Judaism and by the western classics have been stimulated by the very success of the way of life that is promoted a way of life that is somehow responsible for the emergence of modern science with its revolutionary technology The reader is encouraged to reconsider authors prominent in the religious tradition of the West Guidance is provided for examinations of the fundamental assumptions and the enduring questions by which Western Civilization has been guided and challenged for millennia The enduring texts that we in the West repeatedly encounter especially the most challenging of them are apt to draw upon and to illuminate the fundamental assumptions and the enduring questions by which Western Civilization has been guided and challenged for millennia Vital to Western Civilization has long been the Christian Heritage That Heritage has been taken for granted in our general education in something as prosaic as the everyday operations of our legal system and perhaps even in our economic and other social arrangements Why Muslim Integration Fails in Christian-Heritage Societies Claire L. Adida, David D. Laitin, Marie-Anne Valfort, 2016 Amid mounting fears of violent Islamic extremism many Europeans ask whether Muslim immigrants can integrate into historically Christian countries In a groundbreaking ethnographic investigation of France's Muslim migrant population Why Muslim Integration Fails in Christian Heritage Societies explores this complex question The authors conclude that both Muslim and non Muslim French must share responsibility for the slow progress of Muslim integration Using a variety of resources research methods and an innovative experimental design the authors contend that while there is no doubt that prejudice and discrimination against Muslims exist it is also true that some Muslim actions and cultural traits may at times complicate their full integration into their chosen domiciles This book is timely more so in the context of the current Syrian refugee crisis its insights keen and astute the empirical evidence meticulous and persuasive and the policy recommendations reasonable and relevant A Ahmad Choice Reflections on Religion, the Divine, and the Constitution George Anastaplo, 2013-08-28 In Part One the uses of divine revelation in the Western world are reviewed by recalling authors that include Euripides Sophocles Aristophanes Plato Maimonides Cervantes Hobbes and Milton The challenges posed by such monstrosities as Aztec human sacrifices and the Second World War Holocaust are recalled In Part Two the challenges of religion for and by Americans are examined Documents such as the Declaration of Independence the Constitution of 1787 and Presidential Farewell Addresses are recalled The lives and thought of eminent Americans are also recalled including George Washington Benjamin Franklin Thomas Jefferson and Abraham Lincoln Recalled as well are such movements as that of the Mormons and that of the I Am sect The implications both for religious developments and for religious orthodox of modern science are investigated The Appendices reinforce these inquiries by providing reminders of how distinguished commentators and others have tried to deal with critical questions

noticed in the Essays of this book Wicca and the Christian Heritage Joanne Pearson, 2007-05-03 What is Wicca Is it witchcraft Paganism occultism esotericism magic spirituality mysticism nature religion secrecy gnosis the exotic or other Wicca has been defined by and explored within all these contexts over the past thirty years by anthropologists sociologists and historians but there has been a tendency to sublimate and negate the role of Christianity in Wicca s historical and contemporary contexts Joanne Pearson prowls the borderlands of Christianity to uncover the untold history of Wicca Exploring the problematic nature of the Wiccan claim of marginality it contains a groundbreaking analysis of themes in Christian traditions that are inherent in the development of contemporary Wicca These focus on the accusations which have been levelled against Catholicism heterodoxy and witchcraft throughout history ritual deviant sexuality and magic *The Future of Religious Heritage* Ferdinand de Jong, José Mapril, 2023-03-28 The Future of Religious Heritage examines the resurgence of religious heritage in a secular age and frames such heritage as both legacy from the past and promise for the future Drawing on case studies from across Europe this volume addresses the intersection of three well defined areas of research secularism religious heritage and the question of renewal Considering the heritagisation of religion and the sacralisation of heritage contributions to the book consider to what extent the idea of renewal so pivotal to religious and secular ontologies is present in heritage formations Thinking about the temporalities of re enactment and reconstruction this volume examines whether heritage practices incorporate religious time into secular practice Problematising such temporalities of the sacred in our post secular age the volume explores how these intersections of religious and secular time in heritage practices inform constructions of the future The Future of Religious Heritage addresses the paradox of the secularisation of religion and the sacralisation of heritage in a post secular age It will appeal to academics and students with an interest in critical heritage studies religion and post secularism and will also be of interest to those studying re enactment regeneration and renewal **From Our Christian Heritage** C. Douglas Weaver, 1997 Weaver has retrieved from obscurity the rich treasures of Christian tradition from the 1st through 20th centuries and made them meaningfully accessible for preachers teachers worship and study leaders students devotional readers and persons interested in the history of the church *Our Christian Heritage* James Gibbons, 1889 **Our Christian heritage** James Gibbons (card, abp. of Baltimore.), 1889 *The Christian's Heritage* Melancthon Williams Jacobus, 1878 Religious Identity and National Heritage Francis-Vincent Anthony, 2012-05-18 In some parts of our world religion is on the wane losing its thrust of doctrinal authority and communal bonds In other regions it is gaining public significance as a powerful social cultural and political force Secularization theories are less successful in accounting for these differences in religion s role Other theories describe religion in terms of social capital to be invested whenever it offers certain personal social or political benefits and market opportunities allow smart choices Still other theories simply hold that religion corresponds to an inborn need or stable disposition that guarantees a culture s identity and reflects a natural equilibrium of social cohesion There are also critical theories that point to the

intrinsic relationship of religion with power and identify it as a major cause of tension and conflict In this book distinguished scholars reflect on these questions and present empirical research about religious identity and national heritage
