*The Church, Community of Salvation* George Henry Tavad,1992 This book attempts to outline a theology of the Church for the twenty first century Starting from a principle that was enunciated in Paul VI s first encyclical *Ecclesiam suam* it finds its focus in the awareness of being the Church that is implied in the profession of the Christian faith It takes full account of the contemporary manner of reading Scripture and it sees the tradition as an unfinished forward movement The ecumenical dialogues and the encounter with religions that were the fruits of Vatican Council II contribute to the discussion The future of the Church is anticipated in light of scientific findings regarding the shape and history of the universe This ecclesiology is profoundly Catholic experiential and Trinitarian

**Koinonia and the Quest for an Ecumenical Ecclesiology** Lorelei F. Fuchs,2008 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as the key to moving fractured churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally articulating a symbolic competence for communionality that provides a rich and workable way forward for church unity at all levels Encompassing the latest in ecumenical thought *Koinonia and the Quest for an Ecumenical Ecclesiology* provides a broad thoughtful framework for realizing Christ s prayer that all may be one so that the world may believe

**Understanding the Diaconate** W. Shawn McKnight, 2018-07-13 What is a deacon More than fifty years since the restoration of the permanent diaconate by the Second Vatican Council the office of deacon is still in need of greater specificity about its purpose and place within the mission and organizational structure of the Church While the Church is more than a social reality the Church nonetheless has a social reality Our understanding of the diaconate therefore benefits from a theological discussion of the divine element of the Church and a sociological examination of the human element Understanding the Diaconate adds the resources of sociology and anthropology to the theological sources of scripture liturgy patristic era texts theologians and magisterial teachings to conclude that the deacon can be understood as social intermediary and symbol of *communitas* who serves the participation of the laity in the life and mission of the Church This research proposes the deacon as a servant of the bond of communion within the Church facilitating the relationship between the bishop priest and his people and between the People of God and the individual in need Thus authentic diaconal ministry includes a vast array of many concrete contexts of pastoral importance where one does more than simply serve at Mass
