The Chair Plays Have I None The Under Room And Chair:

The Chair Plays Edward Bond, 2012-08-01 Three one act plays by master dramatist Edward Bond combined into a single drama and exploring humanity amid a broken world

Edward Bond: A Critical Study P. Billingham, 2013-11-19 This new study of one of Britain's greatest modern playwrights represents the first major extended discussion of Edward Bond's work in over twenty years The book combines rigorous and stimulating analysis and discussion of Bond's plays and ideas about drama and society For the first time there is also discussion of selected plays from his later post 2000 period including *Innocence* and *Have I None* alongside explorations of widely studied plays such as *Saved*

The Politics and Poetics of Contemporary English Tragedy Sean Carney, 2013-01-01 The Politics and Poetics of Contemporary English Tragedy is a detailed study of the idea of the tragic in the political plays of David Hare Howard Barker Edward Bond Caryl Churchill Mark Ravenhill Sarah Kane and Jez Butterworth Through an in depth analysis of over sixty of their works Sean Carney argues that their dramatic exploration of tragic experience is an integral part of their ongoing politics This approach allows for a comprehensive rather than selective study of both the politics and poetics of their work Carney's attention to the tragic enables him to find a common discourse among the canonical English playwrights of an older generation and representatives of the nineties generation challenging the idea that there is a sharp generational break between these groups Finally Carney demonstrates that tragic experience is often denied by the social discourse of Englishness and that these playwrights make a crucial critical intervention by dramatizing the tragic

Puppetry and Dramaturgy Didier Plassard, 2025-11-03 This open access book presents the results and conclusions of research conducted by the author and assisted by a team of young researchers brought together in the PuppetPlays project funded by the European Research Council It is the first international survey to examine Western European puppetry through a systematic study of its repertoires composed by writers or by the puppeteers themselves From improvised farces to the refined Baroque operas from the parodies of institutional stages to the experiments of Modernism from chivalric epics to contemporary dramaturgy puppet repertoires are extraordinarily diverse Their performances have been for centuries the only kind of theatre that many people could attend but also a means of dramaturgical innovation Their plays have crossed linguistic geographical and social boundaries adapting and spreading the great myths and classics of Western culture and helping to build Europe's cultural identity The analysis of these repertoires sheds new light on the history of theatre and society When and how did puppet theatre compete with actors theatre When and how did it serve as a laboratory for new dramaturgies Why do writers and performing artists chose to use them today These questions can only be answered through a close examination of the many forgotten or unpublished sources collected by the PuppetPlays project
