Buddhism in Dialogue with Contemporary Societies Carola Roloff, Wolfram Weiße, Michael Zimmermann, 2020 The growing pluralization of religion and culture in Europe means that we encounter an increasing number of Buddhist immigrants as well as Western converts

Against this background in June 2018 the Academy of World Religions and the Numata Center for Buddhist Studies at the University of Hamburg Germany invited scholars of Theravada East Asian and Tibetan Buddhism. The questions discussed referred to: Does Buddhism matter today? What can it contribute? Must Buddhism adapt to the modern world? How can Buddhism adapt to a non-Asia context? When Buddhism travels, what must be preserved if Buddhism is to remain Buddhism? The contributions in this volume show not only that Buddhism matters in the West but that it already has its strong impact on our societies. Therefore universities in Europe should include Buddhist theories and techniques in their curricula. *Cultural Afterlives of Jesus* Gregory C. Jenks, 2023-06-20. This collection of essays explores the impact of Jesus within and beyond Christianity, including his many afterlives in literature and the arts, social justice, and world religions during the past two thousand years and especially in the present global context. This third volume focuses on the diverse afterlives of Jesus within contemporary culture and the arts. Moving beyond the explicitly religious afterlives traced in the first two volumes, this set of essays traces selected afterlives of Jesus within Indigenous cultures around the Pacific as well as in the arts and in the contested fields of gender and sexuality. The contributors include religion scholars from diverse cultural contexts as well as faith practitioners reflecting on Jesus within their own particular context. While the essays are all grounded in critical scholarship, reflective practice, or both, they are expressed in nontechnical language that is accessible to interested nonspecialists.

Worship and Mission for the Global Church James Krabill, Frank Fortunato, Robin P. Harris, 2013-01-15. *Worship and Mission for the Global Church* offers theological reflection, case studies, practical tools, and audiovisual resources to help the global church appreciate and generate culturally appropriate arts in worship and witness. This book is the first in a two-volume set on the principles and practices of ethnodoxology. The second volume, entitled *Creating Local Arts Together*, guides the practitioner through a detailed seven-step process of assisting a local community's efforts at integrating its arts with the values and purposes of God's kingdom.

Understanding Our Story Rebecca Letterman, Susan Muto, 2017-02-28. *Understanding Our Story* presents a concise introduction to the original transformative thinking of Adrian van Kaam. CSSp PhD 1920-2007. While

many books are available on spiritual formation and Christian disciplines no other author of our time has offered such a holistic and comprehensive explanation of Christian formation and its relationship to the human spirituality of all persons Understanding our Story culls the most seminal ideas and vocabulary from van Kaam s eleven volumes on formation science formation anthropology and formation theology and provides examples of his theoretical practical research drawn from everyday life Scripture Christian writers and van Kaam s life story itself In doing so it makes his extensive work available to scholars in the field of spiritual formation and gives all readers the opportunity to utilize his insightful thinking to more fully understand the myriad ways in which God reforms and transforms lives into the image of Christ In the pluritradeitional world in which we live where so many faith and formation traditions demand our attention van Kaam s formative spirituality provides a means of respectful dialogue with formationally relevant truths from others and of wise appraisal of ideas that are and are not conducive to and compatible with the Christian revelation
