Better Stories: Mapping Cultural Studies with Lawrence Grossberg Andrew Davis, John Nguyet Erni, Carolyn Hardin, Gilbert B. Rodman, Jennifer Daryl Slack, 2025-09-10 Better Stories assembles essays and provocations in honor of Lawrence Grossberg's radically contextual and affectively attuned lifework. In over fifty chapters contributors trace mattering maps of influence, friendship, and intellectual struggle charged with the hope that thinking together with feeling can change the world. These essays not only comment on Grossberg's ideas and many published works but also engage, expand, confront, and reshape them. Here cultural studies is not a settled field but an unruly and ongoing conversation, an affective and political project sustained through convivial agonism where asking so what sparks new thinking and even better stories. With contributions from Charles R. Acland, Preston Adcock, Juan Ricardo Aparicio, Bryan G. Behrenhausen, Tony Bennett, Marcus Breen, Lisa B. Y. Calvente, Iain Chambers, Younghan Cho, John Clarke, Barbara Claypole White, Zachariah Claypole White, Chantal Cornut, Gentile D'Arcy, Christopher James Dahlie, Andrew Davis, John Nguyet Erni, Anthony Fung, Jeremy Gilbert, Ronald Greene, Claudia Gualtieri, Carolyn Hardin, Mark Hayward, Lisa Henderson, Roman Horak, Rolien Hoyng, Steve Jones, May Joseph, Mikko Lehtonen, Jo Littler, Christina Lutter, Wolfgang Maderthaner, Lidia De Michelis, Meaghan Morris, Lutz Musner, Jeremy Packer, Roberto Pedretti, Elspeth Probyn, Aljo A. Tarancón, Chung Kin Tsang, Graeme Turner, Xiaoming Wang, Ellen Wartella, Rainer Winter, and J. Macgregor Wise *Pedagogical Opportunities of the Review Genre* Maarit Jaakkola, 2024-06-28 Pedagogical Opportunities of the Review Genre unleashes the pedagogical potential of the review genre, reframing the act of reviewing of cultural products as a communicative practice from a pedagogical perspective. Negotiating between traditions of journalism and media studies and pedagogy, the author presents a novel approach that will increase the readers' understanding of an activity that is on the increase in an era where everyone can be a critic. She identifies, describes, and develops genre-based pedagogies in formal, non-formal, and informal contexts of learning and teaching in order to recontextualize the review as a form of learning and rethink of its potential as an inclusive, engaging, and a transformative critical cultural practice. This innovative and truly interdisciplinary study will interest students and researchers in the areas of media literacy, digital media, media and communication studies, cultural studies, sociology of arts, and pedagogical studies in particular cultural journalism and criticism, audience studies, cultural production, and cultural mediation as well as critical media pedagogy and literacy studies. *Sisters in the Wind* Angeline Boulley, 2025-09-04 From the internationally bestselling author of *Firekeeper's Daughter* comes an explosive story about seeking justice for a past that won't let you go. Dust Off the Gold Medal Sara L. Schwebel, Jocelyn Van Tuyl, 2021-08-23 The oldest and most prestigious children s literature award the Newbery Medal has since 1922 been granted annually by the American Library Association to the children s book it deems most distinguished Medal books enjoy an outsized influence on American children s literature figuring perennially on publishers lists on library and bookstore shelves and in school curricula As such they offer a compelling window into the history of US children s literature and publishing as well as into changing societal attitudes about which books are best for America s schoolchildren Yet literary scholars have disproportionately ignored the Medal winners in their research This volume provides a critically and historically grounded scholarly analysis of representative but understudied Newbery Medal books from the 1920s through the 2010s interrogating the disjunction between the books omnipresence and influence on the one hand and the critical silence surrounding them on the other Dust Off the Gold Medal makes a case for closing these scholarly gaps by revealing neglected texts insights into the politics of children s literature prizing and by demonstrating how neglected titles illuminate critical debates currently central

to the field of children's literature. In particular, the essays shed light on the hidden elements of diversity apparent in the neglected Newbery canon while illustrating how the books respond sometimes in quite subtle ways to contemporaneous concerns around race, class, gender, disability, nationalism, and globalism.

Contemporary Publishing and the Culture of Books is a comprehensive resource that builds bridges between the traditional focus and methodologies of literary studies and the actualities of modern and contemporary literature, including the realities of professional writing, the conventions and practicalities of the publishing world, and its connections between literary publishing and other media. Focusing on the relationship between modern literature and the publishing industry, the volume enables students and academics to extend the text-based framework of modules on contemporary writing into detailed expositions of the culture and industry which bring these texts into existence. It brings economic considerations into line alongside creative issues and examines how employing marketing strategies are utilized to promote and sell books. Sections cover the standard university course specifications of contemporary writing, offering an extensive picture of the social, economic, and cultural contexts of these literary genres. The impact and status of non-literary writing and how this compares with certain literary genres, as an index to contemporary culture, and a reflection of the state of the publishing industry. The practicalities and conventions of the publishing industry. Contextual aspects of literary culture and the book industry, visiting the broader spheres of publishing, promotion, bookselling, and literary culture. Carefully linked chapters allow readers to tie key elements of the publishing industry to the particular demands and features of contemporary literary genres and writing, offering a detailed guide to the ways in which the three core areas of culture, economics, and pragmatics intersect in the world of publishing. Corporate Risks and Leadership Eduardo E. Mariscotti, 2020-05-13

The context of business has been changing for companies in recent years, and following numerous corporate and accounting scandals, many countries have increased the number of national and international regulations designed to ensure transparency and compliance with the law. Because of the existence of these new regulations, the level of control, the severity of sanctions by governments, and the amount of the fines for noncompliance have increased dramatically. In parallel with the technological revolution in communications, business management has become more transparent, and any negative event is uploaded to social networks and shared with an indeterminate number of people. This change in the regulatory, sanctioning, and technological context has forced large companies to rethink risks, investments, and budgets to deal in this more complex environment. To transition to this change, some companies have included ethics and compliance programs in their corporate agenda, along with marketing and sales plans, strategies, growth targets, investment plans, and/or talent acquisition. While each industry has its particular risks in this

book the author describes the essential elements that any effective ethics and compliance program should contain This book is a source of information that connects yesterday with today The author shares observations and lessons of the past to suggest corporate leaders implement effective ethics and compliance programs to protect their organizations and themselves The book covers theories of ethics but with an eye focused on practical application Risks ethics and compliance are analyzed with an overall vision connected to the reality of business life without getting bogged down in abstract thinking or in technical and regulatory details Ethics and compliance are disciplines that have increasingly achieved greater recognition in organizations Thus due to the importance of risk management in the business world and the necessary involvement of the CEO and the board of directors it seems appropriate that executives get access to a book about risks ethics compliance and human resources directed not only to compliance experts but also to any organizational leader This book is a wake up call that allows business leaders to understand the benefits of implementing an effective ethics and compliance program that will help members of organizations to make the right decisions and act within the law If they do they can better prevent and react to the difficult obstacle course of risks dangers and threats that organizations face and that may jeopardize the sustainability resilience and survival of companies
