Contemporary Gothic and Horror Film Keith McDonald, Wayne Johnson, 2021-06-15 This book looks at contemporary Gothic cinema within a transnational approach With a focus on the aesthetic and philosophical roots which lie at the heart of the Gothic the study invokes its literary as well as filmic forebears by exploring how these styles informed strands of the modern filmic Gothic the ghost narrative folk horror the vampire movie cosmic horror and finally the zombie film In recent years the concept of transnationalism has transcended its original boundaries perhaps excessively in the minds of some Originally defined in the wake of the rise of globalisation in the 1990s as a way to study cinema beyond national boundaries where the look and the story of a film reflected the input of more than one nation

or region or culture It was considered too confining to study national cinemas in an age of internationalization witnessing the fusions of cultures and post colonialism exile and diasporas The concept allows us to appreciate the broader range of forces from a wider international perspective while at the same time also engaging with concepts of nationalism identity and an acknowledgement of cinema itself

Dark Assemblages Kay Pritchett, 2015-10-22 This book examines strategies of transformation becoming image making and the phantasmagoric that figure in four stories and a novel by Gothic fiction writer Pilar Pedraza Spain 1951 While critics have long associated the Bildungsroman with Gothic fiction this study takes a close look at the developmental process itself the means by which a protagonist young or old might transcend a deprived status to achieve a complete sense of self Pedraza's works imply that regardless of the path followed a character's ability to think differently is crucial to progress The fixed image representative of an inflexible socially determined mindset arises as an obstacle to maturation In *Das de perros* for example a triangular arrangement of coins in a cigar box elucidates the connection between individual lives and the social order or assemblage Literary texts such as this one serve as collective assemblages of enunciation capable of exposing fixed images as powerful instruments of control *Tristes Ayes del guila Meicana* discovers fixed images among the icons of Colonial Spain's exequias reales used in this case to territorialize the evolving identity of indigenous peoples The territory that Pedraza's fiction best illuminates is in reality the image When images remain fixed or territorialized they uncannily infect the assemblages over which they exert influence Placing emphasis on images that impact women Pedraza in *Anfiteatro* for example deconstructs cat woman which albeit a potentially subversive image in its early manifestations eventually ceases to empower the feminine lashing it rather to a burdensome stereotype Territorialized the feminine must then break free from the image in order to discover representations more capable of illuminating present day challenges The phrase dark assemblages drawn from Deleuze and Guattari's *A Thousand Plateaus* gestures toward societal stagnation as a decisive factor in individual evolvment Gothic fiction represents an uneven landscape in that it tenders the possibility of a social critique yet equally well lends itself to the exclusion of specific identities and practices that society brands as anomalous Pedraza's Gothic fiction is indeed subversive in that it offers readers original perceptions of modern day people and the assemblages dark or otherwise to

which they belong *Pitch Dark* Steven Sidor,2011-04-26 *Pitch Dark* is a propulsive layered and brutal read A reader can't hope for more than to discover a writer possessed of both true talent and true passion Discover Steven Sidor Michael Koryta author of *The Cypress House* It's Christmas Eve and Vera Coffey is on the run She doesn't know the men who are after her She has never seen them before but she has seen the horrors they visit on people who don't give them what they want Vera has something they want badly She'd give it up if it weren't the only thing keeping her alive The Larkins have known the toll violence takes on a family ever since they were trapped in a madman's shooting rampage They've been coping with the trauma for nearly twenty years Now on a cold and lonely winter morning Vera collapses at their roadside motel And she's brought something with her Together they'll have to make one last stand against an evil that has followed them further than anyone could've imagined With a thriller so fast paced that it's impossible to let go and an ominous sense that everything is destined to go wrong *Pitch Dark* is an intense read from a master of suspense **Pendragon: The Reality Bug** D.J.

Virus Rahel Sixta Schmitz,2021-07-02 Since the 1990s the virus and the network metaphors have become increasingly popular finding application in a broad range of everyday discourses academic disciplines and fiction genres In this book Rahel Sixta Schmitz defines and discusses a trope recurring in Gothic fiction the supernatural media virus This trope comprises the confluence of the virus the network and a deep underlying media anxiety This study shows how Gothic narratives such as *House of Leaves* or *The Ring* feature the supernatural media virus to negotiate as well as actively shape imaginations of the network society and the dangers of a globalized technologized world
