school s overall capacity to support mathematics learning The Mathematics Program Improvement Review MPIR is a proven
evaluation process focused on standards for high quality mathematics programs in grades K 12 Based on research into
effective program evaluation methods the MPIR approach uses multiple data sources to clarify exactly what is working within
an individual school s math program and what is not Author and MPIR developer Ron Pelfrey has used this process to
evaluate mathematics programs in more than 300 rural urban and suburban schools and has trained hundreds of educators
to conduct reviews Now this handbook makes the MPIR process and its benefits available to everyone Inside you ll find
guidelines for training review team members and all the materials needed to conduct a review including Lists of standards
and indicators for the 10 essential components of an effective mathematics program Templates for questionnaires interviews
and classroom observations Detailed evaluation rubrics Forms for compiling ratings and generating a final report Whether
used as a basis for informal faculty or departmental discussion to promote best practices in a particular area such as
