Gandhi Mountbatten and Jinnah We know a great deal about the first three but Mohammed Ali Jinnah the founder of Pakistan has mostly either been ignored or in the case of Richard Attenborough's hugely successful film about Gandhi portrayed as a cold megalomaniac bent on the bloody partition of India Akbar Ahmed's major study redresses the balance Drawing on history semiotics and cultural anthropology as well as more conventional biographical techniques Akbar S Ahmad presents a rounded picture of the man and shows his relevance as contemporary Islam debates alternative forms of political leadership in a world dominated at least in the Western media by figures like Colonel Gadaffi and Saddam Hussein **CALLED, CHOSEN, FAITHFUL, AND GLORIFIED GODSWORD GODSWILL ONU, Jew, Christian, Muslim: Faithful Unification or Fateful Trifurcation?** Kenneth L. Vaux, 2003-09-29 Heresies of the Heart Ryan Lamothe, 2009 In this first decade of the new millennium anxiety unease and a deep fear of vulnerability lie silently beneath the rancorous divisions within the Church between denominations and religions and between those who hold differing political beliefs and values Today religious and political discourse and behavior are increasingly marred by the destructive use of emotions that drive self righteous certainty prideful rigidity and violent conformity all of which lead to estrangement alienation and closed communities In the midst of this tragic reality there is also the possibility of constructive use of emotions seen in acts of compassion empathy and intimacy among adversaries This book sets out to understand these human struggles utilizing the idea of heresies of the heart and its relation to types of emotional intelligence and faith By addressing heresies of the heart it depicts healthy relationships and faith characterized by the constructive use of emotions Book jacket **The different aspects of islamic culture** Ahmad, Maqbul, Al-Hassan, Ahmad Youssef, Iskandar, Albert Z., UNESCO, 2002-12-31 Part II deals with agricultural science alchemy chemistry and chemical technology mining and metallurgy military technology textiles and manufacturing industries mechanical technology civil engineering navigation and ship building medicine and pharmacy Historians of Islamic science tend to limit their studies to the period up to the 16th century but Part II of this volume also deals with the continuation of science and technology in the Ottoman Empire India and Iran **Unsettled Belonging** Thea Renda Abu El-Haj, 2015-11-27 Tells the stories of young Palestinian Americans as they navigate and construct lives as American citizens Following these youth throughout their school days Thea Abu El Haj examines citizenship as lived experience dependent on various social cultural and political memberships She illustrates the complex ways social identities are bound up with questions of belonging and citizenship and she details the processes through which immigrant youth are racialized via everyday nationalistic practices publisher description A Lexical Concordance to the Poetical Works of Percy Bysshe Shelley, 1892 The Emotional Life of Populism Eva Illouz, 2023-06-15 Throughout the world democracy is under assault from various populist movements and ideologies And throughout the world the same enigma why is it that political figures or governments who have no qualms about aggravating social inequalities enjoy the support of those whom their ideas and policies affect and hurt the most To make sense of this enigma the sociologist Eva

Illouz argues that we must understand the crucial role that emotions play in our political life Taking the case of Israel as her prime example she shows that populist politics rest on four key emotions fear disgust resentment and love for one s country It is the combination of these four emotions and their relentless presence in the political arena that nourishes and underpins the rise and persistence of populism both in Israel and in many other countries around the world This highly original perspective on the rise of populism will be of interest to anyone who wishes to understand the key political developments of our time **A Dictionary of Islam** Thomas Patrick Hughes,1895 **Business, Marketing, and Management**
