Stoicism Coral Nunez, Stoicism is an ancient Greek philosophy that teaches how to live a good life one filled with virtue wisdom and tranquility Founded by Zeno of Citium in the early 3rd century BCE Stoicism is built on the idea that the key to happiness and fulfillment lies not in external circumstances but in how we choose to respond to them The philosophy emphasizes the development of self control rational thought and resilience in the face of adversity While it originated in ancient Greece Stoicism has influenced many philosophers and continues to resonate with modern thinkers offering practical tools for navigating life's challenges At the core of Stoicism is the belief in distinguishing between what we can control and what we cannot According to Stoic principles we cannot control external events but we can control our responses to them This idea known as the Dichotomy of Control encourages individuals to focus on their actions thoughts and emotions rather than worrying about things beyond their influence This shift in perspective can lead to greater peace of mind and less suffering as it frees us from the emotional turmoil of trying to change the uncontrollable Stoicism is often associated with a few key figures including Epictetus Seneca and Marcus Aurelius Each of these philosophers contributed their own insights into the practice of Stoicism emphasizing different aspects of the philosophy Epictetus for example taught that true freedom comes from mastering our internal world while Seneca focused on the importance of reflection and mindfulness in everyday life Marcus Aurelius a Roman emperor

applied Stoic principles to leadership and the challenges of ruling an empire demonstrating how Stoicism can be practiced by anyone no matter their role in society
