9 Steps to Perfecting a Better You: Practice Skills Meet Spiritual Principles Micklyn J. Lightbourne, 2012-05-10

Micklyn Lightbourne is passionate dedicated and committed to seeing individuals get to where God has predestined them to go in their lives hence he was motivated to write this book to encourage and help to focus the minds and hearts of individuals reminding them that time is too precious to waste and if they have not wasted time already hopefully they will never have a desire to waste time in the future Where you are now is where you and I should be there are a lot of individuals who should be further along in their lives in terms of accomplishments He is one of them and thats why he was moving at record speed to make the most of the time he has left and encourages us all to do the same He call it Spirit Time Acceleration In April of 2011 Mr Lightbourne resigned from his job as the most prestigious Butler in The Bahamas at a five star world class resort He was on top of his A game winning the highest honor in the hospitality industry but he was also at the crossroads of life and the decision was which direction should he take now Should he ride the wave of fame or should he move on to the next chapter of his life He and his wife made the decision to start their very own hospitality business Since making such a decision God has been opening doors they never thought were even there to be opened God has brought out some gifts in me I never knew existed but all this happened when I found out the truth the truth of knowing I was placed here with and for a purpose said Mr Lightbourne We can begin pursuing our purpose right now and if we need guidance by reading this book we will get there The writing of this book could no longer be prolonged because its intension is to help others put their lives in prospective We have wasted a lot of Gods time and its time to redeem it This book was written with the intention to convict people to hold themselves accountable and responsible for their own actions and short comings To show how we can better our lives through daily soft skills and life skills practices and become productive leaders in our families the work place schools the community and at church We would never have to blame others for our short comings again Once any individual comes to the realization that they are accountable for their own actions they would begin to see life differently We have allowed time to overtake us and it has left us so far behind that we are now battling to get our lives where it should have been years ago This book is centered around getting the individual back to the foundation of their lives to see themselves in control of their own destiny while fighting off the biggest enemy trying to stop them which is themselves we must get out of our own way Our Heavenly Father wants us to take our rightful positions on the earth and be good contributors and stewards If we cant be

good stewards over ourselves how can we be stewards over this awesome Earth In the book of Romans 8 22 24 NIV it reads We know that the whole creation has been groaning as in the pains of childbirth right up to the present time Not only so but we ourselves who have the first fruits of the Spirit groan inwardly as we wait eagerly for our adoption as sons the redemption of our bodies For in this hope we are saved We have this awesome responsibility to take dominion over the earth but first things first these nine steps to perfect a better you is an awesome start we have to bring back the stepping stones of how to set and accomplish goals for our lives have the right attitudes maintain standards be professionals make right decisions get along with each other communicate resolve conflicts and make the most of our time I challenge you to allow this book to help transform your life through the application process because knowledge without application is useless Mastering these steps would bring out the qualities that were lying dormant ins

Spiritually and Developmentally Mature Leadership Daniel E. Harris,Lori Holyfield,Linda Jones,Rhonda Ellis,Judi Neal,2019-02-21 The book goes beyond theory to offer tools and suggestions for developing emerging leaders Inspired by the pioneering work of leadership scholar Andre Delbecq this book points towards an expanded model of leadership that incorporates an active inner life and posits that such fully human models of leadership will be essential to meet the profound challenges of the 21st Century Without presuming to provide definitive answers the text explores central questions such as What is the added value of spiritual maturity to leadership Would the integration of mature spirituality with well developed intellectual and emotional capacities produce more beneficial leadership outcomes for organizations and individuals What would a spiritually and developmentally mature emerging leader look like in 10 to 20 years How do we prepare emerging leaders for the challenges they may face and how do we model spiritually and developmentally mature leadership in ways that resonate with them Professor Andre Delbecq 1936 2016 of the University of Santa Clara created the heuristic of spiritually and developmentally mature leaders to encapsulate his observation that outstanding leaders often seemed to draw strength and wisdom from sources that are not typically studied or taught in leadership courses Thirty scholars and practitioners accepted Delbecq s heuristic as the starting point to explore spiritual components of leadership that do not easily lend themselves to quantification or clear causal links The analysis of their disciplined engagement with the heuristic forms the foundation of an

exploratory fully human understanding of leadership This analysis is supported by literature reviews including an overview of Andre Delbecq's relevant work Ultimately the authors call for further collaboration across disciplines and between research and practice to build on the conceptual constructs offered here and especially to create pedagogies for the training of spiritually and developmentally mature leaders
