

The book cover features a dynamic illustration of a space shuttle launching. The shuttle is white with a prominent orange band around its midsection and is angled upwards towards the top left. A large, billowing plume of white smoke and fire trails behind it. In the background, a tall, grey launch tower stands vertically. The sky is a deep blue with wispy white clouds. The title 'Applied Circuit Analysis' is printed in a large, white, sans-serif font at the top. Below it, 'solution manual' is written in a smaller, red, sans-serif font. The authors' names are listed at the bottom in a small white font. The spine of the book, visible on the right, shows a partial view of the same artwork and the title.
