Spinoza and Other Heretics Yirmiyahu Yovel, 1989 **Spinoza and Other Heretics** Yirmiyahu Yovel, 1992-01-28
Book 1 p 1 229 Ha anus shel ha tevunah The Marrano of Reason appeared in English as Spinoza and Other Heretics Vol 1
The Marrano of Reason Princeton NJ Princeton University Press 1989 Spinoza and Other Heretics, Volume 1 Yirmiyahu
Yovel, 2021-10-12 This ambitious study presents Baruch Spinoza 1632 1677 as the most outstanding and influential thinker of
modernity and examines the question of whether he was the first secular Jew A number one bestseller in Israel Spinoza and
Other Heretics is made up of two volumes The Marrano of Reason and The Adventures of Immanence Yirmiyahu Yovel shows
how Spinoza grounded a philosophical revolution in a radically new principle the philosophy of immanence or the idea that
this world is all there is and how he thereby anticipated secularization the Enlightenment the disintegration of ghetto life and
the rise of natural science and the liberal democratic state The Marrano of Reason finds the origins of the idea of immanence
in the culture of Spinoza s Marrano ancestors Jews in Spain and Portugal who had been forcibly converted to Christianity
Yovel uses their fascinating story to show how the crypto Jewish life they maintained in the face of the Inquisition mixed
Judaism and Christianity in ways that undermined both religions and led to rational skepticism and secularism He identifies
Marrano patterns that recur in Spinoza in a secularized context a this worldly disposition a split religious identity an
opposition between inner and outer life a quest for salvation outside official doctrines and a gift for dual language and
equivocation This same background explains the drama of the young Spinoza s excommunication from the Jewish community
in his native Amsterdam Convention portrays the Amsterdam Jews as narrow minded and fanatical but in Yovel s vivid
account they emerge as highly civilized former Marranos with cosmopolitan leanings struggling to renew their Jewish
identity and to build a new Jerusalem in the Netherlands The Influence of Abraham Cohen de Herrera's Kabbalah on
Spinoza's Metaphysics Miquel Beltran, 2016-06-21 In this book the author seeks to find historiographical and textual evidence
that Abraham Cohen de Herrera s main kabbalistic work Puerta del Cielo influenced Spinoza s metaphysics as it is
expounded in his later work the Ethica Many of the most important ontological topics maintained by the philosopher like the
concept of the first cause as substance the procession of the infinite modes the subjective or metaphorical reality of the
attributes and the two different understandings of God were anticipated in Herrera s mystical treatise Both shared a
particular consideration of panentheism that entails acosmism This influence is proven through a comparative examination of
the writings of both authors as well as a detailed research on previous Jewish philosophical thought *Spinoza and Other
Heretics* Yirmiyahu Yovel, 1992-01-28 Book 1 p 1 229 Ha anus shel ha tevunah The Marrano of Reason appeared in English as
Spinoza and Other Heretics Vol 1 The Marrano of Reason Princeton NJ Princeton University Press 1989 Canonization and
Alterity Gilad Sharvit, Willi Goetschel, 2020-07-06 This volume offers an examination of varied forms of expressions of heresy
in Jewish history thought and literature Contributions explore the formative role of the figure of the heretic and of heretic

thought in the development of the Jewish traditions from antiquity to the 20th century Chapters explore the role of heresy in the Hellenic period and Rabbinic literature the significance of heresy to Kabbalah and the critical and often formative importance the challenge of heresy plays for modern thinkers such as Spinoza Freud and Derrida and literary figures such as Kafka Tchernikhovsky and I B Singer Examining heresy as a boundary issue constitutive for the formation of Jewish tradition this book contributes to a better understanding of the significance of the figure of the heretic for tradition more generally

Translating the Jewish Freud Naomi Seidman, 2024-06-04 There is an academic cottage industry on the Jewish Freud aiming to detect Jewish influences on Freud his own feelings about being Jewish and suppressed traces of Jewishness in his thought This book takes a different approach turning its gaze not on Freud but rather on those who seek out his concealed Jewishness What is it that propels the scholarly aim to show Freud in a Jewish light Naomi Seidman explores attempts to touch Freud and other famous Jews through Jewish languages seeking out his Hebrew name or evidence that he knew some Yiddish Tracing a history of this drive to bring Freud into Jewish range Seidman also charts Freud's responses to and jokes about this desire More specifically she reads the reception and translation of Freud in Hebrew and Yiddish as instances of the desire to touch feel rescue and connect with the famous Professor from Vienna Spinoza on Human Freedom Matthew J. Kisner, 2011-02-10 Spinoza was one of the most influential figures of the Enlightenment but his often obscure metaphysics makes it difficult to understand the ultimate message of his philosophy Although he regarded freedom as the fundamental goal of his ethics and politics his theory of freedom has not received sustained comprehensive treatment Spinoza holds that we attain freedom by governing ourselves according to practical principles which express many of our deepest moral commitments Matthew J. Kisner focuses on this theory and presents an alternative picture of the ethical project driving Spinoza's philosophical system His study of the neglected practical philosophy provides an accessible and concrete picture of what it means to live as Spinoza's ethics envisioned **The Humanist Comedy** Alexander Welsh, 2014-05-28 For about three thousand years comedy has applied a welcome humanist perspective to the world's religious beliefs and practices From the ancient Greek comedies of Aristophanes the famous poem by Lucretius and dialogues of Cicero to early modern and Enlightenment essays and philosophical texts together with the inherent skepticism about life after death in tragicomedies by Plautus Shakespeare Molière and nineteenth century novels by such as Dickens and Hugo the literary critic and historian Alexander Welsh analyzes the prevalence of openness of mind and relieving good humor in Western thought The Humanist Comedy concludes with close examination of a postmodern novel by the Nobel Prize winner José Saramago **Faith at the Crossroads** Dov Schwartz, 2002-05-01 Religious Zionism emerged as an organized political movement in 1902 rebelling against the ethos of passivity endorsed by a mostly anti Zionist Eastern European Orthodoxy The book presents religious Zionists as a new religious type driven by distinct theological conceptions that reexamine fundamental notions including God faith and historical process Schwartz's detailed analysis exposes the roots of a political movement that has proven crucially

influential in Israeli politics both before and after the establishment of the state
