Intelligence Investigations Ralph Bennett, 2012-12-06 Military intelligence grossly neglected during the interwar period, had by mid 1942 proved itself indispensable through information gathered from intercepted radio messages in the supposedly unbreakable German Enigma cipher. Ralph Bennett, who worked for four years at Bletchley Park as a senior producer of the intelligence Ultra derived from the Enigma decrypts, illustrates in this collection of reprinted essays some of the steps by which he and others developed the new type of information and in the process a candid glimpse of the workings of British intelligence both past and present.

Gothic Invasions Ailise Bulfin, 2018-03-28 What do tales of stalking vampires, restless Egyptian mummies, foreign master criminals, barbarian Eastern hordes, and stomping Prussian soldiers have in common? As *Gothic Invasions* explains, they may all be seen as instances of invasion fiction, a paranoid *fin de siècle* popular literary phenomenon that responded to prevalent societal fears of the invasion of Britain by an array of hostile foreign forces in the period before the First World War. *Gothic Invasions* traces the roots of invasion anxiety to concerns about the downside

of Britain's continuing imperial expansion fears of growing inter-European rivalry and colonial wars and rebellion. It explores how these fears circulated across the British empire and were expressed in fictional narratives drawing strongly upon and reciprocally transforming the conventions and themes of gothic writing. *Gothic Invasions* enhances our understanding of the interchange between popular culture and politics at this crucial historical juncture and demonstrates the instrumentality of the ever-versatile and politically charged gothic mode in this process.

God and the Gothic Alison Milbank, 2018 Alison Milbank provides a complete reimagining of the Gothic literary canon to examine its engagement with theological ideas tracing its origins to the apocalyptic critique of the Reformation female martyrs and to the Dissolution of the monasteries now seen as usurping authorities.

The Gothic in Contemporary British Trauma Fiction Ashlee Joyce, 2019-09-05 This book examines the intersection of trauma and the Gothic in six contemporary British novels Martin Amis's London Fields Margaret Drabble's The Gates of Ivory Ian McEwan's Atonement Pat Barker's Regeneration and Double Vision and Kazuo Ishiguro's Never Let Me Go In these works the Gothic functions both as an expression of societal violence at the turn of the twenty first century and as a response to the related crisis of representation brought about by the contemporary individual's highly mediated and spectatorial relationship to this violence By locating these six novels within the Gothic tradition this work argues that each text to borrow a term from Jacques Derrida participates in the Gothic in ways that both uphold the paradigm of unspeakability that has come to dominate much trauma fiction as well as push its boundaries to complicate how we think of the ethical relationship between witnessing and writing trauma
