Performing the Apocalypse Garland Autry, 2025-10-30 People love to tell stories. In the ancient world most people interacted with these stories primarily through the spoken word as opposed to the printed text. The book of Revelation is one such story. Not only is the narrative Revelation intended to be read aloud Rev 1:3 but the written text itself betrays a number of features characteristic of oral storytelling. The aim of this monograph is to analyze John's Apocalypse with the listening audience in mind in order to validate that indeed the text was composed as a text for performance. An eclectic methodology combining tools from oral biblical criticism discourse analysis and biblical performance criticism is utilized to explore three representative sections of Revelation working from sounds and syllables to the oral patterns that structure the book itself. This book contributes to scholarship proposing that Revelation must be re-heard just as it was by the original recipients. Since syllables sounds cola and periods are often ignored in current scholarship this monograph aims to help scholars re-hear these neglected features. The many endless proposals regarding the macrostructure of Revelation frequently overlook the way in which material was arranged for oral performance and this book serves as a corrective.

This book discusses 20th and 21st centuries literary retellings of biblical texts focusing on how fiction and poetry fill the extant narrative gaps present in the often sparse biblical accounts and align the narratives with theological and/or cultural expectations of modern interpreting communities The chapters written by an international group of scholars explore biblical retellings in a variety of modern languages ranging from Korean and Chinese to Hebrew and Arabic Most of the contributions deal with retellings of the narrative books Genesis Exodus Judges Ruth 1 2 Samuel Daniel but a few are devoted to prophetic Hosea and poetic Psalms ones Another set of articles looks beyond specific biblical books and instead analyses how the Bible has been retold in different literary genres Children and YA literature sci fi and fantasy Christian Inspiration fiction and in modern political discourse North and South Korea All the chapters further highlight how literary retellings of the Bible form two way movements They reveal the often subversive quality of literary retellings retellings not only emphasise those nuances in the biblical texts that create unease but also problematise their standpoint and question their moral and theological message The Hebrew Bible in Contemporary Fiction and Poetry is suitable for students and scholars of biblical studies working on intertextuality and reception history It is also of interest to those working on comparative literature

particularly with regards to the Hebrew Bible in popular culture and literature
