takes a grassroots approach starting from the cultural understandings and experiences of European citizens. It employs a comparative method involving people from diverse socio-economic groups in nine European countries with different cultural policy models, social structural features, socio-cultural value orientations and media systems. It builds on a multi and mixed methods approach including a large scale survey, a smartphone study with experimental stimuli, several phases of online content data collection and analysis, qualitative interviews and focus groups. Finally, it delves into how wide-ranging and interconnected sociocultural transformations such as migration, digitalisation and social inequality impact people's understanding of and engagement with culture as well as the meanings and values they attribute to culture. These unique features promise to offer a fresh and comprehensive perspective on cultural engagement in contemporary European societies. The collection showcases the multiple, often contradictory concepts and understandings of culture and its societal values among social groups within and across European societies. The findings call for a social turn in cultural policy that extends beyond traditional arts and culture to support diverse cultural expressions that may enhance social values, address complex social issues and shift the focus from economic objectives to promoting civic solidarity, equity, inclusivity, tolerance and shared community values.

The Frankfurt Kabuff Critical Edition Beth Driscoll, Claire Squires, 2023-09-26. When violence breaks out at the stands of far-right publishers at the Frankfurt Book Fair, Beatrice Deft is provoked into action. An alienated Australian high school teacher who finds herself at the centre of the global book industry, Beatrice encounters a cast of characters including the very hot Caspian Schorle, German police officer Kurt Weidenfeld, left-wing German publisher and White Storm, a neo-Nazi publishing organisation. Such is the premise of *The Frankfurt Kabuff*, a comic erotic thriller about the publishing industry, originally self-published under the pseudonym Blaire Squisroll. With *The Frankfurt Kabuff Critical Edition*, Blaire Squisroll is revealed as the pen name of Beth Driscoll and Claire Squires, who created the novella in the midst of fieldwork at the Frankfurt Book Fair. Published for the first time as a full critical edition, this experimental, playful work combines critical and creative modes for new perspectives on the publishing industry and creative economies. *The Frankfurt Kabuff Critical Edition* enriches the novella with an introduction, annotated text, 15 essays by leading scholars and practitioners, and additional creative assemblages. This highly unusual research project offers insights for students, academics and publishers alike.
