Reddit Book Discussions Primer:

A Primer of Mathematical Writing Steven G. Krantz, 2017-11-07 This is the second edition of a book originally published in 1997 Today the internet virtually consumes all of our lives especially the lives of writers As both readers and writers we are all aware of blogs chat rooms and preprint servers There are now electronic only journals and print on demand books Open Access journals and joint research projects such as MathOverflow not to mention a host of other new realities It truly is a brave new world one that can be overwhelming and confusing The truly new feature of this second edition is an extensive discussion of technological developments Similar to the first edition Krantz's frank and straightforward approach makes this book particularly suitable as a textbook for an undergraduate course *Understanding Reddit* Elliot T. Panek, 2021-12-24 This book offers a comprehensive scholarly overview of Reddit one of the most popular and least studied social platforms of the early 21st century The book inspires new ways of thinking about Reddit considering it from multiple perspectives through a historical lens as a site where identity is forged as a democracy as a community and as a news aggregator and distributor By bringing theories from computer mediated communication communication studies and sociology to bear on original large scale observational analyses of Reddit's communities this book provides a uniquely comprehensive overview of the platform's first 15 years Understanding Reddit will help us make sense of how rapidly growing communities function in an era of mass online anonymity Serving both as a primer on how social behavior on Reddit plays out and as a way of locating it within multiple theoretical traditions the book will offer important insights to scholars and students in the disciplines of communication media studies information science internet and emerging media studies and sociology *ChatGPT Prompts Book* Oliver Theobald, 2024-02-28 The course embarks on an enlightening journey through the world of ChatGPT starting from the very basics of understanding what ChatGPT is to delving deep into the mechanics of crafting precision prompts that unlock its full potential From the outset you'll be introduced to the foundational elements that make ChatGPT an indispensable tool for a wide range of applications setting the stage for a comprehensive exploration of its capabilities As we progress the course meticulously unfolds the layers of prompt writing techniques priming strategies and training methodologies that are designed to enhance your interaction with AI You'll learn how to craft prompts for common use cases navigate the nuances of content creation translation tasks and personalized tutoring all while leveraging ChatGPT's advanced AI art capabilities The course culminates by focusing on practical applications and exploring advanced prompt training and role prompting techniques This final stretch is designed to solidify your understanding and empower you with the confidence to employ ChatGPT across various scenarios from professional content writing to creative explorations *The Non-Technical Founder* Josh MacDonald, 2018-04-03 Everyone has an idea that they think is the next big thing The problem is it's probably an app or software idea and most people probably don't know how to code and their record for managing programmers is little to none Even if they do know how to code they're not quite sure how to get their first one thousand

customers The Non Technical Founder walks readers through the stages of validating whether their next big thing is good bringing the idea to life and getting those first customers

The History of English Law Before the Time of Edward I Frederick Pollock, Frederic William Maitland, 1895 Although this book was envisaged as a joint venture and bears the name of both Pollock and Maitland it is substantially the work of Maitland It was recognized at once as a masterpiece and has since been accepted as one of the great histories in the English language In Maitland s lifetime Acton pronounced him the ablest historian in England Plucknett said that everything he wrote exercises a deep fascination and a personal attraction To Sir Maurice Powicke he was one of the immortals Lord Annan in the preface to his Leslie Stephen called him perhaps the greatest of all professional historians To read The History of English Law even many years after Maitland s death is to feel at once the touch of a master

Advanced Reporting Miles Maguire, 2014-07-25 News gathering is a large complicated and often messy task that has traditionally been viewed by journalists as irretrievably idiosyncratic best learned through trial and error Advanced Reporting takes the opposite approach focusing on reporting as a process of triangulation based on three essential activities analyzing documents making observations and conducting interviews In this readable book veteran journalism professor Miles Maguire shows how the best reporters use these three tools in a way that allows them to cross check and authenticate facts to reduce or eliminate unsupportable allegations and to take readers and viewers to a deeper level of insight and understanding This book will help to prepare students for a profession marked by increasing complexity and competition To succeed in this environment journalists must learn to make the most of digital media to intensify the impact of their work At the same time reporters must contend with a host of sophisticated public relations techniques while engaging with news audiences that no longer just consume journalism but also collaborate in its creation Discussion questions and exercises help students put theory into practice
